ANNUAL REPORT

of the Board of Trustees

SOUTHERN ILLINOIS UNIVERSITY

1963 - 1964

JULY, 1963

THE JULY MEETING of the Board of Trustees of Southern Illinois University was held in the office of the Board on Tuesday, July 30, 1963, beginning at 9:30 A.M.

The following members of the Board were present: Dr. Martin Van Brown, Kenneth L. Davis, Melvin C. Lockard, Arnold H. Maremont, Ray Page, Lindell W. Sturgis, John Page Wham. Harold R. Fischer was absent.

Also present were President Delyte W. Morris, Vice-President Charles D. Tenney, Vice-President J. E. Grinnell, Vice-President Clarence W. Stephens, General Counsel John S. Rendleman, Legal Counsel C. Richard Gruny, University Architect Charles Pulley, Business Manager and Treasurer Robert L. Gallegly, Assistant Director of Information Service C. A. Frazer; Charles W. Brubaker, representative of Perkins & Will, Ben Gelman, Reporter for *The Southern Illinoisan*, Marion R. Lynes, Reporter for the *St. Louis Globe-Democrat*, John Matheson and Larry Henry, Reporters for the *Egyptian*, and Mrs. Louise Morehouse, Recorder for the Board of Trustees.

The Chairman presented the minutes of the meeting of the Board held June 28, 1963, copies of which had been forwarded to all members of the Board in advance of this meeting. On motion of Kenneth L. Davis, seconded by Ray Page, these minutes were approved as presented.

Charles W. Brubaker, a representative of Perkins and Will, was introduced to the members of the Board by President Morris. Mr. Brubaker outlined for the Board the possibilities for future development of the Carbon-dale central campus, using sketches, maps, and a scale model of the area bounded by Wall Street and McLafferty Road on the east and west, and by Reservoir Road and Hester Street on the south and north. Using scale models, he illustrated how clusters of buildings, combined with and inter-

spersed by open meadows and wooded areas, could be used advantageously to enhance the beauty of the campus, provide recreational areas, and combine existing and future buildings in a unified architectural whole. A sketch book entitled "A Study to Help Chart the Future Growth of the Carbon-dale Campus" was presented to each member of the Board, and a copy was placed on file in the office of the Board.

Chairman John Page Wham expressed the Board's appreciation of the work and study done by University Architect Charles Pulley and by the consulting architects in developing suggested plans for the future central campus area. Comments and suggestions were invited from the members of the Board. Mr. Brubaker left the meeting at this time.

Now, Therefore, *BE IT Resolved* By the Board of Trustees of Southern Illinois University at Carbondale, Illinois, as follows:

1. That the aforementioned proposals be accepted by the Board of Trustees of Southern Illinois University and the contracts be awarded to bidders in accordance with their proposals, subject to the concurrence of the Housing and Home Finance Agency of the United States of America.

2. That the President of the University or his designated representative be authorized to notify the successful bidders of the award of the contracts to them on such terms.

3. That the Chairman of the Board of Trustees is hereby authorized and directed to execute such contracts.

On May 21, 1963, one bid was received for general work, which was rejected by action of the Board at the meeting held May 28. New bids were received July 12. Proposals for mechanical work were received May 16, and the base bids were held for proposals based on special alternates to be received June 27. President Morris presented the administration's recommendation for the award of contracts for the construction of University Park Residence Halls, indicating that total proposals were approximately 2.3 per cent above cost estimates prepared by Loeb, Schlossman & Bennett.

Mr. Maremont proposed that the award of contracts be delayed because the proposals received for plumbing work and for heating, piping and refrigeration work so far exceeded cost estimates.

In answer to a question, General Counsel John S. Rendleman expressed the opinion that if contract awards were delayed the financing arrangements with the Housing and Home Finance Agency and the public sale of bonds scheduled for August 13, 1963, would be jeopardized.

Mr. Maremont asked that the record show that in the case of the award of contracts for the construction of the General Classrooms Building and the Library Building, Edwardsville Campus, the Board had been advised that award of contracts for mechanical work could not be delayed because of the danger of holding up the work of the general contractor. In this instance, the Board was told that delay of award of contracts might jeopardize financing arrangements, even though specific proposals were in excess of cost estimates.

On motion of Ray Page, seconded by Kenneth L. Davis, the Board accepted the proposals for general work and for mechanical work, subject to the concurrence of the Housing and Home Finance Agency, and also subject to the sale of bonds on August 13, 1963. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, Mr. Maremont.

On motion of Arnold H. Maremont, seconded by Dr. Martin Van Brown, the Board voted unanimously to submit to the United States Attorney for the Southern District of Illinois the procedures followed in obtaining pro-

posals for special alternates on heating and plumbing work for University Park Residence Halls, seeking investigation and advice as to whether or not federal laws were violated by the bidding procedures.

On motion of Kenneth L. Davis, seconded by Arnold H. Maremont, the Board voted unanimously to bring to the attention of the Board of Higher Education of the State of Illinois the bidding experience of Southern Illinois University in the mechanical trades and urge the Board of Higher Education to seek legislation permitting the Board of Trustees to award one general contract which would replace the present system of requiring bids from various trades as well as a general contractor.

AWARD OF CONTRACTS FOR SCIENCE BUILDING, EDWARDSVILLE CAMPUS

Bids were received July 18, 1963, for mechanical work for the Science Building, Edwardsville Campus; bids for the general construction work are to be received July 25, 1963. It is planned to present to the members of the Board the administration's recommendations for the award of contracts for both the general construction work and the mechanical work at the meeting to be held July 30.

As indicated, proposals for the construction of the Science Building, Edwardsville Campus, were received July 25, 1963. President Morris recommended that the award of contracts be withheld until the next regular meeting, scheduled for August 13, thus allowing more time to study the proposals received.

Mr. Maremont requested that President Morris seek a conference with the State's Attorney of Madison County, Illinois, to determine the propriety of proposals received from certain bidders in the mechanical trades.

INFORMATION REPORT ON ACTIONS OF THE EXECUTIVE COMMITTEE

It is requested that the Board consider and ratify the actions of the Executive Committee in approving purchase orders, contracts, and encumbrance authorizations awarded during June, 1963, for the Carbondale and Edwardsville campuses. A detailed report of such actions was mailed to the members of the Board of Trustees in advance of this meeting, and a copy of the detailed report was placed on file in the office of the Board.

Actions of the Executive Committee in approving purchase orders and contracts amounting to less than \$1,000.00, in the total amount of \$230,-271.58 for Carbondale Campus and \$108,164.03 for Edwardsville Campus, awarded during June, 1963, were considered. Also considered were actions of the Executive Committee in approving purchase orders, contracts, and encumbrance authorizations amounting to more than \$1,000.00, in the total amount of \$668,628.21 for Carbondale Campus and \$118,743.05 for Edwardsville Campus, awarded during the same period.

On motion of Arnold H. Maremont, seconded by Melvin C. Lockard, the Board approved and ratified actions of the Executive Committee as

shown in the detailed reports considered. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

FORMAL APPROVAL OF FIRST AMENDATORY LOAN AGREEMENT WITH
HOUSING AND HOME FINANCE AGENCY

At the regular meeting of the Board of Trustees held October 26, 1962, the Board formally approved a Loan Agreement providing funds for the construction of additional student housing. Inasmuch as the total cost of the project is now estimated at \$11,250,000, and the Loan Agreement originally approved was for \$5,250,000, or one-

half of the estimated construction cost of \$10,500,000, and Housing and Home Finance Agency now requests formal approval of a First Amendatory Loan Agreement, as set forth below. We recommend that the Board of Trustees formally approve this Loan Agreement.

A Resolution entitled "Resolution Approving and Providing for the Execution of a First Amendatory Loan Agreement, and Numbered Contract No. H(402)-683, By and Between the Board of Trustees of Southern Illinois University and the United States of America" was introduced by President Morris.

Resolution

Be It *Resolved* By the Board of Trustees of Southern Illinois University, in regular session assembled, as follows:

SECTION 1. The pending First Amendatory Loan Agreement and numbered Contract No. H(402)-683, and relating to the erection on the campus of Southern Illinois University, an educational institution of higher learning in Carbondale, Illinois, of three dormitories to provide housing and appurtenant facilities for approximately 1,026 men students, one dormitory to provide housing and appurtenant facilities for approximately 816 women students, and one Commons Building to provide dining, recreation, and appurtenant facilities for approximately 1,842 students, by and between the Board of Trustees of Southern Illinois University and the United States of America, is hereby in all respects approved.

SECTION 2. The Chairman of the Board of Trustees of Southern Illinois University, John Page Wham, is hereby authorized and directed to execute the said First Amendatory Loan Agreement in two counterparts on behalf of the said Board of Trustees, Melvin C. Lockard, is hereby authorized and directed to impress and attest the official seal of the Board of Trustees of Southern Illinois University, on each such counterpart and to forward two such counterparts to the Housing and Home Finance Agency, together with such other documents relative to the approval and execution of such counterparts and to this Resolution as may be required by the Government.

Said Resolution and the proposed First Amendatory Loan Agreement described therein were then read in full and discussed and considered.

Martin Van Brown then moved the adoption of the Resolution as introduced and read. Kenneth L. Davis seconded the motion, and, on roll call, the following voted "Aye": John Page Wham, Melvin C. Lockard, Ray Page, Kenneth L. Davis, Lindell W. Sturgis, Martin Van Brown, and Arnold H. Maremont; and the following voted "Nay": None.

The Chairman, John Page Wham, thereupon declared the motion carried and the Resolution adopted as introduced and read. A copy of the First Amendatory Loan Agreement was placed on file with the Secretary of the Board.

CORRECTION OF UNIVERSITY PARK RESOLUTION APPROVING LOAN AGREEMENT, AND RATIFICATION OF AGREEMENT

The resolution approving the Loan Agreement with Housing and Home Finance Agency for the University Park Residence Halls contained a typographical error, which the Board is now requested to correct.

Resolution

WHEREAS, The "Resolution Approving and Providing for the Execution of a Loan Agreement, and Numbered Contract No. H(402)-683, By and Between the Board of Trustees of Southern Illinois University and the United States of America," adopted at the meeting of the Board on October 26, 1962, contained a project description erroneously referring to "housing and apartment facilities" for the Tower and Triad Building and "dining, recreation and apartment facilities" in the Commons Building, and such reference was intended to be to "housing and appurtenant facilities" and "dining, recreation and appurtenant facilities",

Now, Therefore, Be It *Resolved* By the Board of Trustees of Southern Illinois University, in regular session assembled, that the Secretary of said Board is hereby directed to correct the aforesaid error by the substitution of the word "appurtenant" for the word "apartment" wherever appearing in the "Resolution Approving and Providing for the Execution of a Loan Agreement and Numbered Contract No. H(402)-683 By and Between the Board of Trustees of Southern Illinois University and the United States of America."

And Be It Further *Resolved*, That the execution of the Loan Agreement referred to in said resolution by the Chairman of this Board be and is hereby ratified and confirmed and accepted as the act of this Board of Trustees with the same force and effect as if done pursuant to a resolution free of the error hereby corrected.

On motion of Kenneth L. Davis, seconded by Melvin C. Lockard, the Board adopted the resolution presented by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

REPORTS ON CURRENT AND PENDING MATTERS

In response to a question from a member of the Board of Trustees, and at the request of President Morris, a brief review of a recent visitation by a committee of the National Council for Accreditation of Teacher Education concerning the teacher-training program, was presented by Professor Charles D. Tenney. He emphasized the fact that the Council had deferred any action on accreditation for at least one year, during which time certain suggestions of the Council will be followed and others perhaps rediscussed.

The administration was requested to forward to each member of the Board a copy of the editorials concerning the Council's evaluation, the letter received from the Council following their visitation, and the administration's reply to that letter.

By action taken by the Board of Trustees at the meeting held September 14, 1962, an agreement with Slater-Minnesota Corporation to provide catering service at University Center was approved. The administration was directed at that time to reconsider the matter at the end of nine months' operation under this agreement.

President Morris indicated that Director of Business Affairs Paul D. Isbell had recommended that the Slater-Minnesota Corporation be retained for one full year's operation before the matter was reconsidered.

On motion of Melvin C. Lockard, seconded by Arnold H. Maremont, the Board authorized the Slater-Minnesota Corporation to operate for one full year before reconsidering the contract. The vote was as follows: Yea Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

President Morris reported to the Board that about a year ago the administration requested formal examination of the doctoral programs by the North Central Association. Under the Association's arrangements, a three-man consultation team visited the campus and recommended that final accreditation be sought in four departments and preliminary accreditation in several others. President Morris indicated that, acting upon the suggestions of the consultation team, the Graduate Council had been reconstituted and a formal Graduate Faculty organized. Certain other recommendations for strengthening various departments had been followed, and the weaknesses in those departments corrected by various means. He indicated that visitation for formal and final action by the North Central Association had been requested during the next year.

In executive session, the members of the Board of Trustees discussed the salary of President Morris for the fiscal year beginning July 1, 1963. On motion of Lindell W. Sturgis, seconded by Melvin C. Lockard, the Board agreed that President Morris's salary should be set at the same figure as for 1962-63, with the provision for an increase as of July 1, 1963, when more information is obtained. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

There being no further business to come before the meeting, upon motion duly made and seconded, the meeting was adjourned.

Matters Presented by Acting President Tenney

THE FOLLOWING UNIVERSITY MATTERS were presented by Acting President Tenney for consideration by the Board of Trustees:

PROPOSAL FOR CHANGES IN THE TEXTBOOK RENTAL SYSTEM

Because graduate students are often required to engage in intensive library research, to refer to many textbooks, and rarely, if ever, can rely upon a single textbook for their course needs, it is recommended that, beginning with the Winter Quarter, 1964, graduate students not be assessed a book rental fee. A graduate student is defined for the purpose of this statement as one who has completed the requirements for a baccalaureate degree.

On motion of Dr. Martin Van Brown, seconded by Harold R. Fischer, the Board approved this recommendation. The vote was as follows: Yea, Mr. Wham, Mr. Davis, Mr. Lockard, Dr. Brown, Mr. Fischer, Mr. Sturgis; nay, none.

INFORMATION REPORT ON ACTIONS OF EXECUTIVE COMMITTEE

It is requested that the Board consider and ratify the actions of the Executive Committee in approving purchase orders, contracts, and encumbrance authorizations awarded during October, 1963, for the Carbondale and Edwardsville campuses. A detailed report of such actions was mailed to the members of the Board of Trustees in advance of this meeting, and a copy was placed on file in the office of the Board.

Actions of the Executive Committee in approving purchase orders and contracts amounting to less than \$1,000.00, in the total amount of \$112,019.73 for Carbondale Campus and \$56,036.56 for Edwardsville Campus, awarded during September, 1963, were considered. Also considered were actions of the Executive Committee in approving purchase orders, contracts, and encumbrance authorizations amounting to over \$1,000.00, in the total amount of \$593,435.88 for Carbondale Campus and \$100,507.79 for Edwardsville Campus, awarded during the same period.

On motion of Melvin C. Lockard, seconded by Kenneth L. Davis, the Board approved and ratified actions of the Executive Committee, as shown in the detailed reports considered. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

At the request of President Morris, Business Manager Robert L. Gallegly explained that at present only those purchase orders intended for payment from restricted funds are coded on the information reports. He explained further that restricted funds include funds received from private and public agencies, as well as from the Federal Government, as opposed to appropriated State funds.

It was the consensus of the Board that all purchase orders to be paid from Auxiliary and Service Enterprises funds, from Service Cash funds, and from Restricted funds should be appropriately coded. Mr. Gallegly requested authority to change such funding, however, even at the point of paying a voucher. He suggested that Director of Business Affairs C. E. Peebles, Edwardsville Campus, be granted identical authority. By common consent, such authority was granted.

A request was made for an investigation and report concerning moving expenses paid for faculty members, and the advisability of awarding contracts for such expenses through competitive bidding.

REPORTS ON CURRENT AND PENDING MATTERS

President Morris presented a proposed agreement between the Department of Public Works and Buildings of the State of Illinois and the Board of Trustees for joint acquisition of properties along Mill Street and south Illinois Avenue. He explained that the Division of Highways was interested in acquiring a portion of these properties for construction of a one-way couple to be located in this area, and that the University had for some time indicated these same properties as within the acquisition area of the University, in accordance with the Campus Master Plan previously approved by the Board of Trustees.

On motion of Dr. Martin Van Brown, seconded by Kenneth L. Davis, the Board authorized the President of the University to execute such agreement on behalf of the Board of Trustees. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

President Morris indicated that the Illinois Baptist State Association was having some difficulty in clearing title to their property located on the corner of Thompson Street and Grand Avenue, but was anxious to proceed with construction of their new facility, in accordance with the land trade previously approved by the Board of Trustees. To do this, they felt they needed transfer of the property to them by the Board of Trustees, plus some monetary consideration.

On motion of Melvin C. Lockard, seconded by Lindell W. Sturgis, the Board authorized the administration to negotiate and execute a separate conveyance of Johnson Hall, located on the northeast corner of the intersection of Grand Avenue and Lake Street, at no more than the appraisal value thereof in relation to the purchase price, with the understanding that it was predicated upon the eventual clearance of title to the property at the intersection of Grand Avenue and South Thompson Street. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

President Morris and the members of the Board discussed several items of University business which required no formal action. During this discussion, requests were made by the Board for brief information reports concerning (1) the extent to which the Board has delegated authority for contracts and the extent to which the Board can actually delegate such authority; (2) insurance coverage for students and insurance coverage specifically for athletes; and (3) operation of the Health Service.

The meeting was adjourned at 12:30 P.M.

Matters Presented by President Morris

CONSIDERATION OF ADDITIONAL ITEMS FOR COMMUNICATIONS BUILDING, CARBONDALE CAMPUS

President Morris presented tabulations of bids received on various alternates for the Communications Building, Carbondale Campus, and a summary sheet showing recommendations for awards as made by the University Architect and endorsed by the administration. A copy of the tabulations and summary sheet was placed on file in the office of the Board.

President Morris requested that final action on the matter be delayed until after it was determined whether extensions would be made by the recom-

mended contractors for a period of time within which to accept their bids. On motion of Melvin C. Lockard, seconded by Harold R. Fischer, the Board ordered that the record show the consensus of the Board that such awards be made as indicated on the tabulations presented, subject to final confirmation by telephone conference in the event extensions could not be obtained from the contractors. The motion was carried by unanimous vote.

In addition to his teaching and organized research, Professor Foote has devoted much time and effort to administrative duties by serving tirelessly on various councils and committees designed to promote the welfare of this campus community.

DISCUSSION OF PROCEEDINGS IN RELATION TO STATE MASTER PLAN
UNDER STUDY BY STATE BOARD OF HIGHER EDUCATION

A formal statement concerning the State Master Plan now under study by the State Board of Higher Education has not been prepared. At the meeting on December 14, 1963, there will be an oral report made by President Morris. Mr. Wham and Mr. Lockard, both of whom are members of the State Board, will also be asked to comment on the State Master Plan.

Extended discussion was held concerning the materials and matters which have been developed to date by the State Board of Higher Education in relation to the State Master Plan now under study.

Mr. Wham indicated that the Board had been obtaining materials from the committees established to study various facets of the problems of higher education. In answer to a question by Dr. Brown, he indicated that the plans of other states are also being considered.

President Morris spoke concerning the deliberations of the State Board regarding junior colleges. He stated that he hoped considerable benefit to higher education would result from the depth to which the board was considering this and other problems.

The meeting was adjourned at 3 P.M.

JANUARY, 1964

THE JANUARY MEETING of the Board of Trustees of Southern Illinois University was held in the office of the Board on Thursday, January 23, 1964, beginning at 9:30 A.M.

The following members of the Board of Trustees were present: Chairman John Page Wham, Dr. Martin Van Brown, Kenneth L. Davis, Harold R. Fischer, Melvin C. Lockard, Lindell W. Sturgis. Mr. Maremont and Mr. Page were absent.

Also present were President Delyte W. Morris, Vice-President Charles D. Tenney, Vice-President Clarence W. Stephens, Dean of Academic Affairs W. J. McKeefery, General Counsel John S. Rendleman, Legal Counsel C. Richard Gruny, Business Manager and Treasurer Robert L. Gallegly, Director of Information Service William H. Lyons; Ben Gelman, Reporter for *The Southern Illinoisan*, Leonard A. Granato, Reporter for *The Egyptian*, and Mrs. Louise Morehouse, Recorder for the Board of Trustees.

Minutes of regular meetings held November 20 and December 14, 1963, were presented. On motion of Lindell W. Sturgis, seconded by Melvin C. Lockard, these minutes were approved as presented.

The first item considered was the election of officers of the Board. By secret ballot, in accordance with Part II, Article II, Section 1 of the By-Laws of the Board of Trustees, the following members of the Board were elected to serve as officers until their successors are elected and qualified: John Page Wham, Chairman; Kenneth L. Davis, Vice-Chairman; Melvin C. Lockard, Secretary.

In accordance with Part II, Article III, Section 1 of the By-Laws of the Board of Trustees, the following members of the Board were elected to serve as members of the Executive Committee: Harold R. Fischer, Lindell W. Sturgis, and John Page Wham.

Melvin C. Lockard moved that members of the Board be reappointed to serve in the following capacities, as representatives of the Board of Trustees:

(a) Lindell W. Sturgis, Board of Trustees, University Retirement System of Illinois; (b) Dr. Martin Van Brown, Merit Board, University Civil Service System; (c) Kenneth L. Davis, Board of Directors, Southern Illinois University Foundation, with term expiring in June, 1967. The motion was seconded by Harold R. Fischer and was carried by unanimous vote.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

REVISION OF POLICY ON POLITICAL MEETINGS ON CAMPUS

The following appears in the minutes of a meeting of the Board of Trustees, March 27, 1950:

Policy on Political Meetings on the Campus

"It has been the practice of the University to extend the use of its Auditorium and other facilities to political parties wishing to hold meetings on the campus. Obviously, however, some limitations must be set, both in fairness to the various parties and in fairness to the school, which in its present condition of crowding cannot always meet all requests for the use of its facilities. The Council Advisory to the President has therefore outlined a policy which would allow each political party listed on the State ballot to use the facilities on the campus for not more than two meetings a year, clearing these meetings through their own County Chairman or party officials.

Mr. Wham moved the adoption of the policy on political meetings as recommended by the President of the University. The motion was seconded by Dr. Brown and was unanimously passed with each member recording his vote as follows: Yea, Robert W. Davis, Leo J. Brown, Kenneth L. Davis, Guy A. Gladson, Lindell W. Sturgis, John Page Wham."

The above policy has proven to be of great value to students, faculty, and voters of the area as well as the political parties. Some clarification is needed, however, since the policy statement uses the wording "two meetings a year." It could be interpreted to mean a calendar year or a school year. It is therefore recommended that the statement be revised to read as follows:

It has been the practice of the University to extend the use of its Auditorium and other facilities to political parties wishing to hold meetings on the campus. Obviously, however, some limitations must be set, both in fairness to the various parties and in fairness to the school, which in its present condition of crowding cannot always meet all requests for the use of its facilities. Each political party listed on the State ballot shall be allowed to use the facilities of each campus of the University for not more than one meeting during a Primary campaign and two meetings during a General Election campaign.

On motion of Melvin C. Lockard, seconded by Harold R. Fischer, the Board approved the revision in policy recommended by the administration. The motion was carried by unanimous vote.

PROPOSED SCHEDULE OF MEETINGS FOR 1964

At the Board meeting held March 6, 1963, the Board approved a schedule of meetings through December, 1963. Although a few of the scheduled dates were subsequently changed, the administration found the tentative listing helpful. It is hoped that it was also found helpful by the members of the Board.

For the current year the following list of dates for Board meetings is suggested. If approved, a calendar for 1964 will be prepared to show the scheduled meeting dates:

Thursday, January 23 —Carbondale
Friday, March 6 —Edwardsville
Friday, April 24 —Carbondale
Thursday, May 28 —Edwardsville
Friday, June 26 —Carbondale
Friday, August 7 —Carbondale
Tuesday, September 29—Edwardsville
Friday, November 13 —Carbondale
Saturday, December 12—Carbondale

The Board adopted by common consent the proposed schedule of dates for regular meetings for the remainder of 1964.

INFORMATION REPORT ON ACTIONS OF EXECUTIVE COMMITTEE

It is requested that the Board consider and ratify the actions of the Executive Committee in approving purchase orders, contracts, and encumbrance authorizations awarded during November and December, 1963, for the Carbondale and Edwardsville campuses. A detailed report of such actions was mailed to the members of the Board of Trustees in advance of this meeting, and a copy was placed on file in the office of the Board.

On motion of Kenneth L. Davis, seconded by Dr. Martin Van Brown, the Board approved and ratified actions of the Executive Committee as shown in the detailed reports considered. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay none.

Report of Deaths

The death of Mr. Lloyd B. Sharp, Professor at the Little Grassy Campus, was reported. Mr. Sharp was born March 22, 1895, and died December 4, 1963. He received the Bachelor of Science degree from Kansas State Teachers College, the Master of Arts and Doctor of Philosophy degrees from Columbia University. He served at the University of Chicago, New Jersey State Teachers College, and New York University prior to appointment at Southern in 1959. He served as Executive Director of The Outdoor Education Association for thirty-eight years. Professor Sharp was nationally and internationally known as an authority on outdoor education and school camping, and his leadership in the Southern Illinois program will be greatly missed.

The death of Mr. William A. Howe, Director of the Physical Plant and Instructor in the School of Technology, was also reported. Mr. Howe was born January 18, 1910, and died January 22, 1964. He received the Bachelor of Education degree from Southern Illinois University and the Master of Science degree from the University of Illinois. He was employed as a Maintenance Engineer for the Sherwin-Williams Company, Marion, Illinois; as a Field Engineer with the American Bitumuls and Asphalt Company, St. Louis, Missouri, and the American Well Works, Aurora, Illinois; and as Industrial Engineer and Instructor at Texas Agricultural and Mechanical College prior to accepting appointment at Southern Illinois University in 1949. Mr. Howe made a great contribution to the University by building up an effective complex of physical plant services during a period of great growth at Carbondale. He was vigorous, fearless, and fair-minded, and until his recent illness apparently enjoyed the exactions and rigors of his difficult job. He was utterly devoted to Southern Illinois University.

FORMAL APPROVAL OF REVISED AGREEMENT FOR LOAN FROM HOUSING
AND HOME FINANCE AGENCY

In September, 1961, the Board approved application to the Housing and Home Finance Agency for a loan for the construction of a student center on the Edwardsville Campus. At the meeting held June 28, 1963, the Board formally approved a Loan Agreement which set forth essentially the terms and conditions under which bonds would be issued. The attached revised Loan Agreement incorporates minor changes and adjustments and provides for government purchase of \$2,250,000.00 principal amount of bonds, Series B, on a project total of \$5,575,000.00.

We recommend that the Board of Trustees formally approve this revised Loan Agreement. It has been reviewed by the Assistant Legal Counsel for the Edwardsville Campus; Chairman and Cutler, bond counsel; and Blyth & Company, Fiscal Agent.

A Resolution entitled "Resolution Approving and Providing for the Execution of a Loan Agreement, and Numbered Contract No. H(402)-870, By and Between the Board of Trustees of Southern Illinois University and the United States of America" was introduced by President Delyte W. Morris, as follows:

Be It Resolved By the Board of Trustees of Southern Illinois University, sitting in regular session as follows:

Section 1. The pending Loan Agreement and numbered Contract No. H(402)-870 and relating to the erection on the campus of Southern Illinois University an educational institution of higher learning located in Carbondale, Illinois, of a new College Union Building at Edwardsville, Illinois, to provide lounge-recreation, student organization space, bookstore, guest rooms, food service, and appurtenant facilities for the entire student body and faculty, by and between the Board of Trustees of Southern Illinois University, and the United States of America, is hereby in all respects approved.

Section 2. The Chairman of the Board of Trustees of Southern Illinois University is hereby authorized and directed to execute the said Loan Agreement in two counter-

parts on behalf of the said Board of Trustees and the Secretary of the said Board of Trustees is hereby authorized and directed to impress and attest the official seal of the Board of Trustees of Southern Illinois University, on each such counterpart and to forward two such counterparts to the Housing and Home Finance Agency, together with such other documents relative to the approval and execution of such counterparts and to this Resolution as may be required by the Government.

Said Resolution and the proposed Loan Agreement described therein were then read in full and discussed and considered.

Melvin C. Lockard then moved the adoption of the resolution as introduced and read. Harold R. Fischer seconded the motion, and, on roll call, the vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Lockard, Mr. Sturgis, Mr. Wham; nay, none.

The Chairman thereupon declared the motion carried and the Resolution adopted as introduced and read. A copy of the Loan Agreement was placed on file with the Secretary of the Board of Trustees for deposit in the office of the Board.

AVAILABILITY OF UNIVERSITY LAND FOR RELIGIOUS FOUNDATIONS

On February 17, 1955, the Board of Trustees in a regular meeting approved a policy statement regarding the availability of campus land for student religious organizations. Although the policy statement is probably broad enough to apply to the Edwardsville Campus, nevertheless, due to the present state of negotiations with the Illinois Baptist Association, it is deemed advisable to recommend a revised policy for the University. It is recommended that the following policy statement be adopted by the Board of Trustees:

Subject to final approval by the Board of Trustees, the administration is authorized to negotiate for the grant, lease, or conveyance of land to student religious organizations. The location of the lands shall be in conformity with the overall University land use policy as approved from time to time by the Board of Trustees, providing the religious organization has a satisfactory financial condition; that the organization is an approved student organization; and that the plans for the buildings or facilities to be constructed by the student religious organizations, including landscaping, do conform to the architectural and engineering standards of the University buildings and grounds.

At the August 12, 1960, meeting, President Morris reported on the ecumenical approach of providing space for religious organizations on the Edwardsville Campus. These organizations, although proceeding from the ecumenical viewpoint, have not approved the establishment of separate foundation buildings for those participating religious groups which deem them desirable to provide spiritual assistance to students on the Edwardsville Campus.

The reasons for this policy are as set out in the original request for a policy statement relative to the Carbondale Campus, and are as follows:

1. Spiritual training is a desirable ingredient of education. The acquisition of knowledge without attendant faith defeats the purpose of the original acquisition. An opportunity for such spiritual training should be made available at Southern Illinois University.

2. The religious foundations serve a very useful purpose in the transition of students from their homes, where their roots are deep, to a university situation where the initial detachment may create homesickness. The taking of one's spiritual affiliation actively to new surroundings is a means of retaining ties with the home and yet acclimating oneself to a university.

3. The foundations provide a wholesome social outlet for the student. The foundations presently on the campus have recreational facilities available for student members. This constitutes a constructive program for the intramural life of the students.

4. Insofar as the making available of University land would be helpful to the religious foundations, the proposed policy answers a great geographical need. Lands convenient to the campus, and thus desirable locations, are at a premium. To accomplish the aims of the groups and to better serve the needs of the University, it is desirable to have the groups located on the campus.

5. Locating these ancillary groups on the campus will provide the opportunity for the University to assure harmonious building arrangements to the end that aesthetic appearance of the campus will be enhanced.

On motion of Dr. Martin Van Brown, seconded by Harold R. Fischer, the Board approved the revised statement of policy recommended by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

INDEPENDENT AUDIT FOR 1963-1964

It is recommended that the audit firm of Peat, Marwick, Mitchell & Company be approved by the Board of Trustees to make the independent audit of the accounts and financial operations of Southern Illinois University for the fiscal year ending June 30, 1964, and that the administration be authorized to enter into a joint agreement between the Auditor General; Southern Illinois University; and Peat, Marwick, Mitchell & Company for the audit.

On motion of Harold R. Fischer, seconded by Dr. Martin Van Brown, the Board approved the firm recommended to conduct the independent audit for the fiscal year ending June 30, 1964, and authorized the joint agreement requested. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

TWELVE-WEEKS SUMMER QUARTER

By action taken December 9, 1961, and by approval of subsequent requests for funds for operation, the Board of Trustees has expressed the intent to move to a full quarter pattern for the summer quarter, in order to provide a fuller use of the University's facilities throughout the year. This intent has been partially implemented in stages during the summer quarters of 1962 and 1963.

The University Council, at its meeting on December 17, 1963, recommended to the President that all 100, 200, and 300 level courses should be offered exclusively in the full quarter pattern during the summer of 1964; that all 400 and 500 level courses should also be offered in the full quarter pattern in the summer of 1964, except for certain courses or sections that should be offered in the eight-weeks pattern in order to meet special needs. Decision concerning which courses should be on the eight-weeks pattern must be approved by the appropriate Dean of Academic Affairs and the Dean of Graduate School. Any special workshops or short courses for credit should also be approved by the appropriate Dean of Academic Affairs and/or the Dean of the Graduate School.

It is recommended that the Board of Trustees approve the recommendations made by the University Council and endorsed by the President of the University.

On motion of Harold R. Fischer, seconded by Dr. Martin Van Brown, the Board approved by unanimous vote the recommendations made concerning the Summer Quarter, 1964.

POLICY ON SPECIAL REQUIREMENTS FOR UNDERGRADUATE DEGREES

The Faculty Council has recommended, the University Council has endorsed, and the President of the University has approved for implementation the following policy regarding special needs of certain undergraduate students:

In order to provide for the exceptional needs of individual students, any degree requirements not formalized or available in degree-granting units of the University should be approved by the appropriate Dean of Academic Affairs in cooperation with the administrative heads of the academic units most involved.

President Morris indicated that this policy statement was brought to the attention of the Board as an information item and did not establish a new

degree program. After consideration, the members of the Board expressed unanimous approval of the policy presented.

There being no further business to come before the meeting, upon motion duly made and seconded, the meeting was adjourned.

It is recommended that the Southern Illinois University Distinguished Service Award be presented to John W. Allen at the June or August, 1964, commencement.

John W. Allen was born October 14, 1887, in a log cabin near the village of Broughton, Hamilton County, Illinois, the son of Benjamin Gwinn and Rhoda Tyle Allen.

After graduating from the eighth grade, Mr. Allen taught for three years in a one room schoolhouse. He then served as principal of a rural school for four years, and as superintendent of schools at Eldorado for thirteen years and at Fairfield for two years. His career in the public schools of Southern Illinois began in 1907 and ended in 1935. From 1935 until 1940, Mr. Allen worked in the construction industry. Mr. Allen has been a researcher, lecturer, and writer on the history and folklore of Southern Illinois for forty-five years. His collection of regional lore is unique. He has lectured on his subject throughout the State of Illinois before civic groups and learned societies. He has also appeared on radio programs and now writes a weekly column distributed to area newspapers.

Mr. Allen has been active as President of the Illinois Historical Society and the Illinois State Historical Society, and as founding president of the Southern Illinois Handicraft Society. The following additions and changes were presented and approval requested:

Death

The death of Mr. Dennis Lee Trueblood, Professor of Guidance and Higher Education, was reported. Mr. Trueblood was born April 12, 1925, and died February 8, 1964. He received the Bachelor of Science degree from Indiana State Teachers College and the Master of Business Administration and Doctor of Education degrees from Indiana University. He served as a Counselor at Indiana University, as Director of Aids and Awards at the University of Kansas, and as Associate Director of the Committee on Education Organization of the National Conference of Christians and Jews prior to appointment as Associate Professor of Guidance and Assistant Director of Student Affairs at Southern Illinois University in December, 1957. He recently completed a monumental study of the University as a basis for the recent review of our doctoral program by the North Central Association of Colleges and Universities and carried out this study with sympathy and insight, showing

a remarkable understanding of the complexities of the University and a warm appreciation of the individuals who have contributed to its forward thrust. The University will miss his unusual combination of broad intellectual interests, concern for the welfare of individuals, and perception of complex human relationships.

By common consent, the Board adopted the following statement of tribute to Mr. Dennis Lee Trueblood, deceased:

The Board of Trustees of Southern Illinois University regrets to record upon the minutes of this meeting the passing of Mr. Dennis Lee Trueblood, Professor of Higher Education and Chairman of the Department of Guidance.

Mr. Trueblood made an invaluable contribution to this University during his six years of service. In his role as coordinator of the College Student Personnel Graduate Studies Program, he stressed above all quality education for graduate students committed and qualified to serve the future needs of higher education as professional student personnel workers. He was the champion of justice, equality, and the preservation of the dignity of the individual; a man of patience and understanding, with broad

intellectual interests and a clear perception of complex human relationships; a man whose warmth and creative leadership were an inspiration to his students, colleagues, and friends.

We hereby express our appreciation for Mr. Trueblood's years of excellent service and regret for the great loss occasioned by his untimely passing. Our most sincere sympathy is extended to Mrs. Trueblood and to their children, Dennis Lee and Zoe Annette.

This brief tribute, adopted at a regular meeting held March 6, 1964, shall become a part of the permanent records of this Board's proceedings, and copies shall be forwarded to the College of Education, to the University Administration, and to the Secretary of the University Faculty.

ACQUISITION OF LAND

The following Resolution, covering two tracts of property in the Little Grassy Lake area, is recommended for adoption:

Resolution

WHEREAS, The Board of Trustees of Southern Illinois University has heretofore determined the necessity for the expansion of the portion of the Carbondale Campus of the Board located at Little Grassy Lake area; now, therefore, be it

Resolved By the Board of Trustees of Southern Illinois University, a body politic and corporate of the State of Illinois, in regular session assembled, that it is hereby determined that it is necessary and desirable that the Board of Trustees shall acquire title to and possession of the following described real property, which real property is required and needed for the expansion of the Carbondale Campus of Southern Illinois University located at Little Grassy Lake area, and for the educational purposes of that campus, to-wit:

Tract 413

The South half (S $\frac{1}{2}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Thirty-two (32) in Township Ten South (10 S), Range One East (1 E) of the Third P.M., containing Eighty (80) acres more or less in Williamson County, Illinois.

Tract 422-a

The South Half (S $\frac{1}{2}$) of the Southeast Quarter (SE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Five (5) in Township Eleven South (11 S), Range One East (1 E) of the Third P.M., Union County, Illinois, and the East Half (E $\frac{1}{2}$) of the Southwest Quarter (SW $\frac{1}{4}$) of the said Section Five (5), and the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eight (8), Township Eleven South (11 S), Range One East (1 E), Union County, except the following described parcel conveyed to the Trustees of Schools as recorded in Deed Record 51, page 69, in Union County, Illinois: Commencing at the Northwest (NW) corner of the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eight (8); thence East Sixteen (16) rods; thence South Ten (10) rods; thence West Sixteen (16) rods; thence North to the place of beginning Ten (10) rods, containing one (1) acre.

And Be It Further Resolved That the University administration be and they hereby are authorized, empowered, and directed to negotiate for and on behalf of the said Board of Trustees with the owner or owners of the hereinabove described real property for

the purchase thereof by the said Board of Trustees, and that if reasonable offers of purchase based on able appraiser opinion are refused by the owner or owners of such tracts that the University administration is hereby further authorized, empowered, and directed to institute proceedings in any court of competent jurisdiction to acquire title to and possession of the said property for the said Board of Trustees in accordance with the eminent domain laws of the State of Illinois.

The first tract (413) is located in the area presently under lease to the Educational Council of 100 by Fish and Wildlife, and would represent a serious intrusion in the area if not purchased.

Tract 422-a serves as the base for development of this Educational Council of 100.

On motion of Arnold H. Maremont, seconded by Melvin C. Lockard, the Board adopted the resolution presented by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

POSSIBLE REFINANCING OF UNIVERSITY REVENUE PROJECTS

It has been twelve years since the University had its first revenue bond project, Woody Hall. In that period of time both the financial ability of the University and financing itself has materially changed. It now appears desirable to explore the possibilities of refinancing most of the revenue issues previously let and to attempt to obtain "open end" financing, since this will provide greater borrowing potential for the future. The matter has already been discussed with both the Washington and Chicago offices of the Housing and Home Finance Agency.

For these purposes it is requested that the administration be authorized to negotiate with Blyth & Co., Inc., as fiscal agents for the proposed refinancing. They have served as fiscal agents for University revenue projects in the past, and thereby have an acquaintance with both the structure of the University and its previous bond issues. In addition, their rapport is excellent with Housing and Home Finance Agency, which will be central in the whole refinancing scheme.

Authorization to negotiate such an agreement is requested. The details of any refinancing will be brought before the Board for approval.

General Counsel John S. Rendleman indicated that it might not be possible to include all revenue projects in such refinancing, because of certain non-callable features in some of the bond issues.

On motion of Lindell W. Sturgis, seconded by Harold R. Fischer, the Board authorized the administration to negotiate with Blyth & Co., Inc., as fiscal agents for possible refinancing. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

CONSIDERATION OF BIDS FOR UNIVERSITY CENTER, EDWARDSVILLE CAMPUS

On January 16, 1964, bids were received for mechanical, electrical, and kitchen equipment for the University Center, Edwardsville Campus, and on January 23 bids were received for the general construction work. As indicated by the following

summary, the apparent low base bids for this work totaled \$5,441,198.00. This exceeded the budget approved by the Housing and Home Finance Agency, which was \$4,523,135.00. Although certain deductive alternates were taken at the time of original bidding, these alternates amounted to only \$302,596.00.

It is recommended that all bids received on the above noted dates be rejected. The aforementioned summary follows:

At the request of Arnold H. Maremont, University Architect Charles M. Pulley agreed to make a comparison of unit costs for construction at Carbondale and at Edwardsville. Mr. Pulley indicated that such comparison could be made at the time bids are received for the Science Building at Carbondale, on the basis of a building intended for similar use and having similar plans and specifications.

At the request of Chairman John Page Wham, the administration agreed to invite Mr. Gya Obata of the firm of Hellmuth, Obata, and Kassabaum, Architects-Engineers, to meet with the Board in April, for the purpose of discussing various problems being encountered in the construction of buildings at Edwardsville.

On motion of Arnold H. Maremont, seconded by Melvin C. Lockard, the Board rejected all bids received for general construction work, mechanical

and electrical work, and food service equipment for the University Center, Edwardsville Campus, as recommended by the administration. The motion was carried by unanimous vote.

CONSIDERATION OF BIDS FOR SITE DEVELOPMENT, PHASE I, EDWARDSVILLE CAMPUS

The Board next considered bids received March 3, 1964, for site development of the Edwardsville Campus, Phase I. A tabulation of all bids received on that date was presented, and a copy of the tabulation was placed on the file in the office of the Board.

President Morris recommended that the Board approve the award of a contract for site development subject to the agreement of the contractor to extend option for acceptance of Alternate A (Extend Entrance Road "B") by July 1, 1964. The recommendation for the award of contract was as follows:

CONSIDERATION OF BIDS FOR SEWAGE TREATMENT PLANT, EDWARDSVILLE CAMPUS

President Morris next presented for consideration a tabulation sheet showing bids received February 20, 1964, for construction of a sewage treatment plant, Edwardsville Campus. Also presented was Summary Sheet No. 1, showing the administration's recommendation for the award of contracts, and a letter submitted by Warren and Van Praag, Inc., consulting engineers. A copy of each of these documents was placed on file in the office of the Board. The administration's recommendation for the award of contracts was as follows:

<i>General Construction</i>	\$320,500.00	R & R Construction Company 735 Park Drive Alton, Illinois

On motion of Harold R. Fischer, seconded by Melvin C. Lockard, the Board approved the award of contracts for construction of a sewage treatment plant, Edwardsville Campus, as recommended by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; Present, Mr. Maremont; Nay, none.

APPROVAL OF LEASES WITH ILLINOIS BUILDING AUTHORITY

The following resolution was presented by General Counsel John S. Rendleman, at the request of President Morris, and was recommended for adoption:

Resolution

BE IT *Resolved* By the Board of Trustees of Southern Illinois University in regular session assembled that the following leases by and between the Board and the Illinois Building Authority, a body politic and corporate of the State of Illinois, for equipment for buildings constructed from the Universities Building Fund, for plans and planning architectural and engineering studies, and for land in and around Carbondale, Illinois, which leases are in words and figures as follows:

(In the interest of economy, copies of leases
are on file in the office of the Board of Trustees)

be and are hereby approved as to form, content and dollar amount,

AND BE IT *FURTHER Resolved* That the Chairman and Secretary of this Board of Trustees be and are hereby authorized and directed to execute leases with the aforesaid Illinois Building Authority in substantially the form approved above, and with substantially the same content and for substantially the same dollar amounts as set forth in the leases approved above, and to make delivery of such executed leases to the said Illinois Building Authority, and to do and perform the above acts as the acts of this Board of Trustees.

Said Resolution and the proposed Leases described therein were then read in full and discussed and considered.

On motion of Arnold H. Maremont, seconded by Harold R. Fischer, the Board adopted the resolution as introduced and read. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Lockard, Mr. Maremont, Mr. Sturgis, Mr. Wham; nay, none. The Chairman thereupon declared the motion carried and the resolution adopted as introduced and read.

PROFESSIONAL FOOD SERVICE AT UNIVERSITY CENTER, CARBONDALE CAMPUS

President Morris indicated that the administration had made a careful investigation of food services provided by professional companies in other institutions of like nature and with problems similar to those at University Center, Carbondale Campus. He presented a list of companies believed to be qualified to provide satisfactory food service and requested that negotiations for a contract be restricted to the companies so listed. He also indicated that the administration would consider very carefully the question of whether professional services should be continued, or food services operated by University personnel.

By common consent, the Board agreed that negotiations for a food service contract should be restricted to those companies offering qualified and satisfactory service; further, that the administration be authorized to reconsider the desirability of continuing professional food service.

Mr. Ray Page entered the meeting at this time.

CONSIDERATION OF CLAIM MADE BY THE AIR FORCE

At the request of President Morris, General Counsel John S. Rendleman explained to the members of the Board a claim made by the Air Force for the return of funds accumulated by the University as a result of providing cadet uniforms by commutation rather than issue in kind. Mr. Rendleman indicated that in January, 1956, the Board approved a proposal made by the Air Force whereby the University might purchase cadet uniforms at less than \$25.00 per cadet per year, and the Air Force would in turn pay the University \$25.00 per cadet per year. He further indicated that the excess funds were to be used to cover the cost of storage and protection of the uniforms, in accordance with an agreement made with the Air Force. Mr. Rendleman stated that the Air Force now requests the return of the accumulated funds, in the amount of \$42,000.00, and is withholding payment of vouchers submitted to them in accordance with the existing agreement.

On motion of Arnold H. Maremont, seconded by Harold R. Fischer, the Board authorized the administration to leave the decision of ownership of such funds to a court of competent jurisdiction; further, that the Board took this action reluctantly, but must do so to protect itself from the possibility of giving away funds belonging to the Board. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

REPORTS ON CURRENT AND PENDING MATTERS

Oral reports were presented on the following current and pending matters:

President Morris briefly reviewed discussions being held with representatives of various religious groups, working toward the establishment of a religious education building on an ecumenical basis, to be located near the Edwardsville central campus. He also reviewed the plans made with these groups for future expansion of their programs, whereby the University would grant land for additional facilities, such as dormitories, in locations outside the central campus area. President Morris indicated that acquisition of a tract purchased by the Southern Baptist Group, located in the central campus area and near the proposed entrance road, might result in a condemnation suit.

Members of the Board participated in a general discussion of the plans being made for a religious education building near the central campus, and of the inherent dangers in such a plan. No formal action was taken.

At the request of President Morris, General Counsel John S. Rendleman briefly reviewed for the members of the Board the extent to which authority has been delegated to the President of the University for signing contracts, and the extent to which the Board may delegate such authority. The Recorder was instructed to forward to the members of the Board copies of a memorandum concerning such delegation of authority, as prepared by the General Counsel. A copy of this document was placed on file in the office of the Board. After discussion, it was agreed that a recommendation should be prepared and submitted to the Board concerning (a) day-to-day operation of the University, and (b) the amount of detail remanded to the President by the Board.

Mr. Melvin C. Lockard, Secretary of the Board of Trustees, presented materials forwarded to him by registered mail, concerning compulsory versus voluntary AF-ROTC training. He stated that there was no covering letter included with the materials and suggested that a letter be addressed to Mr. Bill Moore, with instructions as to the proper channels through which such documents should be handled.

In reply to a question from Mr. Maremont, President Morris briefly reviewed the status of zoning at Edwardsville. He stated that there was a move to rescind the zoning ordinances, and that efforts to accomplish spot zoning were being closely watched.

Mr. Maremont also requested information concerning the status of plans for a railroad underpass at Carbondale. President Morris informed the members of the Board that the Urban Renewal and Community Facilities Administration seem to be the two most likely sources for implementation. He indicated that Mr. Frank Kirk had been designated agent for the University in the employment of a planning firm to assist with working out a feasible

program, including a loan and coordination with Urban Renewal. President Morris also spoke briefly of present plans to work with both the Illinois Central Railroad and the State Division of Highways in an effort to relocate both on parallel right-of-way. No formal action was taken.

There being no further business to come before the meeting, upon motion duly made and seconded, the meeting was adjourned.

APRIL, 1964

THE APRIL MEETING of the Board of Trustees of Southern Illinois University was held in the office of the Board on Friday, April 24, 1964, beginning at 9:30 A.M.

The following members of the Board of Trustees were present: Chairman John Page Wham, Dr. Martin Van Brown, Kenneth L. Davis, Melvin C. Lockard, Arnold H. Maremont, Ray Page, Lindell W. Sturgis. Mr. Fischer was absent.

Also present were President Delyte W. Morris, Vice-President Charles D. Tenney, Vice-President J. E. Grinnell, Vice-President Clarence W. Stephens, General Counsel John S. Rendleman, Legal Counsel C. Richard Gruny, Business Manager and Treasurer Robert L. Gallegly, Assistant Director of Information Service C. A. Frazer, University Architect Charles M. The Chairman presented the minutes of a regular meeting held March 6, 1964, copies of which had been forwarded to the members of the Board of Trustees in advance of this meeting. On motion of Kenneth L. Davis, seconded by Dr. Martin Van Brown, these minutes were approved as presented.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

INCREASE IN TEXTBOOK RENTAL FEE

We recommend Board approval of an increase in the textbook rental fee from \$5.00 per quarter to \$8.00 per quarter, effective with the fall quarter, 1964. The reasons for this proposed increase follow:

1. An increase in the price of textbooks since the last fee increase in 1956 and anticipated price increase in the future.
2. The conversion to the General Studies Program, requiring major replacement of textbooks outside the normal three-year span.

In order to meet working capital deficiencies the University has had to advance funds. One dollar of the proposed increase is intended to apply toward repayment of the advance. Following the repayment period, approximately three years, the dollar will be required to meet the continuing increase in the price of textbooks.

On motion of Arnold H. Maremont, seconded by Melvin C. Lockard, the Board approved an increase in textbook rental fee, as recommended by the administration. The vote was unanimous.

The Board adopted by unanimous vote the following statement honoring Associate Professor Harlan D. Beem, deceased:

The Board of Trustees of Southern Illinois University regrets to record upon the minutes of this meeting the passing of Mr. Harlan D. Beem, Associate Professor of Administration and Supervision.

Mr. Beem was recognized by his peers throughout the State of Illinois as a true scholar, deeply devoted to the cause of education at every level. His long identification with the public schools of this state, his relatively brief but most distinguished period of service on Southern's faculty, and his often-sought and highly respected counsel on current educational problems earned for him a reputation as a serious student and authority in the fields of school law and school administration. The impact of his progressive views and concepts of higher education will no doubt be evident in the changing patterns of education in Illinois for many years.

We hereby express our appreciation for Mr. Beem's years of excellent service to this institution, and regret for the great loss occasioned by his untimely passing. Our most sincere sympathy is extended to Mrs. Mary Routh Beem and to the members of the family.

This brief tribute, adopted at a regular meeting held April 24, 1964, shall become a part of the permanent records of this Board's proceedings, and copies shall be forwarded to the College of Education, to the University Administration, and to the Secretary of the University Faculty.

At the last meeting of the Board of Trustees on March 6, 1964, the administration was requested to study the monetary limits requiring approval by the Executive Committee on requisitions, and the reporting to the Board of purchase orders, contracts, and encumbrance authorizations. Administrative personnel from both campuses have considered the matter, and the following recommendations are made to the Board of Trustees for approval:

1. Increase the amount of purchases reported in a lumped total by items from \$250.00 to a \$500.00 maximum.
2. Increase the amount of purchases reported on single line items from \$1,000.00 to \$2,500.00.
3. Increase the amount of purchases reported in detail with bids and basis of award from \$1,000.00 to \$2,500.00.
4. Increase the amount of a requisition which requires Executive Committee approval from \$2,500.00 to \$5,000.00.

The reasons for the recommendations are as follows:

(a) The system would permit more expeditious handling of the day-to-day items of operation of the University without extraneous burdensome procedures involved with much "paper-work."

(b) All expenditures are made in accordance with the approval of the annual budget by the Board of Trustees, which serves as the establishment of fiscal policy.

(c) The proposed system recognizes the increasing volume of work performed by the Business Offices and the increase in level of operation and amount of expenditure with the growth of the University.

(d) It would reduce the apparent emphasis on items of a nonacademic nature in formal matters to be considered by the Board of Trustees at regular meetings.

(e) For the most part the items which would be included in the increased amount groups are routine and do not represent policy decisions.

(f) It would increase the efficiency of the fiscal procedures of the University.

(g) All transactions of any nature are subject to audit both by the internal and external auditors of the University.

On motion of Dr. Martin Van Brown, seconded by Arnold H. Maremont, the Board approved the recommendations made by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

President Morris further recommended that the Purchasing Agents for Carbondale and Edwardsville campuses be given the discretion of taking or not taking competitive bids on requisitions up to \$1,000.00. On motion of Arnold H. Maremont, seconded by Melvin C. Lockard, the Board approved the increase of the mandatory limit of \$1,000.00 for items purchased not more than once each quarter and granted authority for exceptions to be made at the discretion of the President of the University or his designated representative. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

APPROVAL OF F.H.A. FINANCING FOR FAMILY HOUSING

The administration has for some time been concerned with the problem of providing suitable housing for families of low and moderate income. Presently Southern Illinois University provides only 272 apartments of permanent type construction for married students. With the continued rapid growth of the University, the demand for apartments far exceeds the supply. The projected expansion of the Graduate School is expected to create an even more pronounced demand for such facilities in the next few years.

As one method of attempting to provide additional housing for student families, a recent federal administrative ruling has made available an additional source of funds for colleges and universities under Section 221 (d) (3) of the National Housing Act of 1961. This particular section of the National Housing Act administered by the Federal Housing Administration offers 100 per cent financing for the construction of rental projects used to serve low and moderate income families. A submarket rate currently established at 3¾ per cent interest is allowed on first-mortgage loans for periods up to fifty years.

The total requirements which would apply to the participation of Southern Illinois University in this program are being investigated. The investigation to date indicates

that the F. H. A. would require the location of this project within the City of Carbondale and would require a feasibility study prepared by their staff. In order to fully examine whether or not Southern Illinois University can participate in this program, it is requested that the administration be authorized to (1) submit an application to F. H. A. for a loan under Section 221(d)(3) of the National Housing Act of 1961 in an amount not exceeding \$20,000,000.00 to provide for the construction of housing, and (2) request the Commissioner of the Federal Housing Administration to issue a specific waiver concerning the requirement giving priorities to families displaced by governmental action and to allow Southern Illinois University to maintain its own priority and assignment procedures to best serve the low and moderate income student, faculty, and staff families.

On motion of Dr. Martin Van Brown, seconded by Arnold H. Maremont, the Board approved the recommendations made by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

DESIGNATION OF DEPOSITORIES FOR EDWARDSVILLE UNIVERSITY CENTER

Approval by the Board of Trustees is requested for the following depositories for the University Center Revenue Bond Issue at the Edwardsville Campus: *Paying Agent*, Continental Illinois National Bank and Trust Company of Chicago; *First Alternate Paying Agent*, as selected by the successful bidder of the public issue, usually in the Borough of Manhattan, City and State of New York; *Second Alternate Paying Agent*, First National Bank and Trust Company in Alton; *Construction Account Depositories*, The Edwardsville National Bank and Trust Company.

On motion of Lindell W. Sturgis, seconded by Melvin C. Lockard, the Board approved the recommendation concerning depositories. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

Mr. Ray Page entered the meeting at this time.

CONSIDERATION OF BIDS FOR STEAM GENERATING EQUIPMENT, POWER PLANT BOILERS PHASE II, CARBONDALE CAMPUS

Bids were received April 21, 1964, for steam generating equipment for the Carbondale power plant. A tabulation of all bids received was presented, together with a summary sheet showing the administration's recommendation for the award of contract to the low bidder, as follows:

Steam Generation Equipment

---	--------------	--

On motion of Arnold H. Maremont, seconded by Kenneth L. Davis, the Board approved the award of contract as recommended by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay none.

INCREASE IN TUITION FOR OUT-OF-STATE STUDENTS

The present tuition charge of \$50.00 per quarter additional for out-of-state students was approved by the Board of Trustees on May 22, 1959, and became effective with the fall quarter of 1959. President Morris recommended approval of an increase in the tuition charge from \$50.00 to \$80.00 per quarter additional for out-of-state students, to become effective with the fall quarter, 1964.

On motion of Dr. Martin Van Brown, seconded by Arnold H. Maremont, the Board approved the administration's recommendation for an increase in tuition. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

MODIFICATION OF ADMISSIONS POLICY

At the December 12, 1959, meeting of the Board of Trustees, an admissions policy, effective for the fall quarter of 1960, was approved. At the meeting held December 10, 1960, the admissions policy was modified to read as follows:

1. In general, students who graduate from approved secondary schools, and who rank in the lowest third of their graduating class, will be permitted to enter (on academic probation) for the summer, winter, or spring quarters only. Exceptions to this rule may be made for students desiring to enter in the fall who rank in the lowest third of their high school graduating class, but who show high scores on the University's entrance examinations.
2. The above policy will apply to both in-state and out-of-state students, except that for out-of-state students all those in the lower half of their graduating class will be covered by the rule.
3. The same policy will apply to transfer students who are not in good scholastic standing under our scholarship rules. They can enter (on academic probation) the summer, winter, or spring quarters only, subject to the approval of the appropriate academic dean.

Further experience with this modified policy has demonstrated its value but also suggested the need for certain modifications. The University Council has approved a further modification of the admissions policy concerning out-of-state students, and approval is requested for the following University-wide admissions policy, effective with the fall quarter of 1964:

1. In general, students who graduate from approved secondary schools, and who rank in the lowest third of their graduating class, will be permitted to enter (on academic probation) for the summer, winter, or spring quarters only. Exceptions to this rule may be made for students desiring to enter in the fall who rank in the lowest third of their high school graduating class, but who show high scores on the University's entrance examinations.
2. The above policy will apply to both in-state and out-of-state students, except that for out-of-state students all those in the lower *sixty per cent* of their graduating class will be covered by the rule.
3. The same policy will apply to transfer students who are not in good scholastic standing under our scholarship rules. They can enter (on academic probation) the summer, winter, or spring quarters only, subject to the approval of the appropriate academic dean.

On motion of Kenneth L. Davis, seconded by Dr. Martin Van Brown, the Board approved modification of the admissions policy, as recommended by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard: nay, none.

REPORTS ON CURRENT AND PENDING MATTERS

At President Morris's request, General Counsel John S. Rendleman explained that condemnation proceedings were entered by Carbondale Township against property owned by Mrs. Sill, located at the corner of Park and Wall Streets. He indicated that this property was necessary for the widening of Wall Street from Park Street to Reservoir Road. He further indicated that the Circuit Court of Jackson County, in awarding damages to the property, stipulated that the owner was to be given access to the University sewer for one residential tap. By common consent, the Board agreed to remand to General Counsel John S. Rendleman authority to prepare a grant to satisfy the judgment of the Court, such grant to be approved by the Chairman of the Board of Trustees before final action was taken.

In executive session, lists of salaries proposed for faculty-administrative personnel for the fiscal year 1964-65 were considered. Copies of such salary lists were forwarded to the members of the Board on April 16, 1964. President Morris requested that the Board approve the salary lists for the academic ranks of Professor, Associate Professor, Assistant Professor, and Instructor, subject to any necessary revisions. On motion of Dr. Martin Van Brown, seconded by Kenneth L. Davis, the Board approved the tentative salary lists for faculty members in the four academic ranks, subject to necessary administrative revisions. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Maremont, Mr. Page, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

University Architect Charles M. Pulley entered the meeting at this time and introduced to the members of the Board Mr. Gyo Obata and Mr. Chester E. Roemer, representatives of Hellmuth, Obata, and Kassabaum, Architects-Engineers for the Edwardsville Campus. Mr. Obata briefly described the progress being made on construction of the Library, General Classrooms, and Science buildings. Mr. Pulley indicated that at present a total of \$15,870,000.00 is under contract for Edwardsville Campus, and bids would be received on May 12 for the Communications Building. He further indicated certain projects originally planned in Phase I of campus construction which probably could not be financed from the \$25,000,000.00 allocated for that purpose. Mr. Rendleman briefly reviewed the status of land acquisition for the Edwardsville Campus.

The meeting was adjourned at 12:45 P.M.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees.

SALARY OR ANNUITY OPTION PROGRAM

The State of Illinois 73rd General Assembly approved a law which authorizes each employer covered by the State Universities Retirement System to initiate a program for the purchase of employee nonforfeitable annuities paid for by the employer. Each employer is authorized to adopt rules for the implementation of such a program whereby any employee covered by the State Universities Retirement System may elect to accept a reduction in earnings or forego an increase in earnings in consideration for which the employer shall apply the adjustment in earnings as a premium on an annuity contract.

It is requested that the administration be authorized to prepare a salary or annuity option program necessary for the implementation of the new law effective July 1, 1964.

On motion of Dr. Martin Van Brown, seconded by Melvin C. Lockard, the Board authorized the administration to present a salary or annuity option program at a subsequent regular or special meeting.

On motion of Ray Page, seconded by Melvin C. Lockard, the Board approved all additions to and changes in the faculty-administrative payroll, as presented. The motion was carried by the following recorded vote: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Page, Mr. Wham, Mr. Lockard; nay, none.

By common consent, the Board unanimously adopted the following statement of recognition of the services of Professor John Erle Grinnell, who will retire in the near future:

' We deem it appropriate at this time to recognize the distinguished service of John Erie Grinnell, a gentleman and a true scholar.

During the period of Southern's most rapid growth, Professor Grinnell served for four and one-half years as Dean of the College of Education. In this role he established an excellent working relationship between the College of Education and the other schools and colleges. Through a system of cross appointments, and by bringing in distinguished professors and young staff members who were gifted scholars, he succeeded in developing in those persons most seriously concerned a mutual awareness of the importance of both teacher training and the academic disciplines.

From 1960 until the present Professor Grinnell has served as the first Vice-President for Operations, Carbondale Campus. In this position his energetic, efficient, far-sighted administrative abilities have commanded the respect of his colleagues and of the nation's educational leaders. His modesty and charming, soft-spoken manner belie the strong, firm handling of many difficult situations which have arisen during this period of expansion and resulting reorganization.

Professor Grinnell has traveled extensively during the past several years, and he has been successful in helping to cement lasting friendship for Southern Illinois University among the Latin American countries. During an around-the-world mission in 1963, he visited contract educational teams working in foreign lands under Southern's supervision, furthering the interests of international understanding and cooperation.

The Board of Trustees of Southern Illinois University wishes to acknowledge deep indebtedness to John Erle Grinnell for his integrity, his leadership, and his excellent service to this University.

Easement Grant

KNOW ALL MEN BY THESE PRESENTS: That the Grantor, Southern Illinois University, a body politic and corporate of the State of Illinois, located at Carbondale, Illinois; in consideration of the sum of One Dollar (\$1.00), hereby grants to Illinois Power Company, an Illinois corporation, the Grantee herein, its successors or assigns, easements on the following described parcels of real estate for the purposes hereinafter set forth, said parcels of land being described as follows:

Parcel No. 1: An easement 100 feet wide for the purpose of an access road. Said easement, the center line of which is described as being in Section 21, Township 4 North, Range 8 West and is further described as being situated on land formerly owned by Ben and Anna Ashauer and Irvin and Gladys Stewart and is more particularly described as follows: Beginning at a point which is located by University coordinates South 12,665.50 and West 106,750.00 and said point being further described as being on a curve at center line Station 60 + 17.66 of the "B" Entrance Road, as indicated on the final plans, as furnished to the University by Sasaki, Walker and Associates; thence proceeding on a radial line of said curved road from the point of beginning South 60 degrees 27 minutes 16 seconds East a distance of 121.85 feet to a point of curvature; thence along a curve to the right whose central angle is 27 degrees 31 minutes 19 seconds, and whose radius is 816.63 feet, a distance of 392.26 feet to a point of tangency; thence South 32 degrees 55 minutes 57 seconds East a distance of approximately 296 feet (\pm) to its intersection with the Northern right-of-way line of the Illinois Terminal Railroad Company; thence commencing at the Southern right-of-way line of the Illinois Terminal Railroad at a distance of approximately 131 feet (\pm) from its intersection with the aforesaid Northern right of way and being a prolongation of the easement center line as described in the paragraph next above and proceeding on the aforesaid bearing of South 32 degrees 55 minutes 57 seconds East a distance of approximately 3 feet (\pm) to a point of curvature, said point of curvature being also described as lying South 32 degrees 55 minutes 57 seconds East, a distance of 430.51 feet from the point of tangency of the last described curve of this easement; thence along a curve to the left, whose central angle is 84 degrees 19 minutes 03 seconds, and whose radius of 35.00 feet, a distance of 51.51 feet to a point of tangency; thence North 62 degrees 45 minutes East a distance of approximately 150 feet (\pm) and terminating at the West edge of a tract of land described as Parcel No. 2 in this Easement and being the parcel on which Illinois Power Company will erect, maintain and operate an electric power substation. The center line of said easement strip being shown on plat attached and marked Exhibit "A".

Southern Illinois University in granting this Easement, as shown on Exhibit "A", hereby reserves the right to revoke the Easement insofar as the section of the Easement that lies between Entrance Road "A" and Entrance Road "B"; however, the right to revoke this section of the Easement will not be effective until such time as Entrance Road "A" is constructed.

Parcel No. 2: An easement for a substation site, the description of which is as follows: Starting at the center of Section 21, Township 4 North, Range 8 West of the Third Principal Meridian; thence North on the North and South center line of said Section 21, a distance of 995 feet to the Southerly right-of-way line of the Illinois Terminal Railroad; thence Northeasterly along the Southerly right-of-way line of said Illinois Terminal Railroad, a distance of 557.75 feet to a true point of beginning of the description for said substation site; thence Southeasterly at an angle of 90 degrees to said Railroad right of way, a distance of 180 feet; thence Northeasterly parallel with the Southeasterly right-of-way line, a distance of 250 feet; thence Northwesterly at an angle of 90 degrees to said Railroad right of way, a distance of 180 feet to the Southeasterly right-of-way line of said Railroad; thence Southwesterly along the Southeasterly right-of-way line of said Railroad, a distance of 250 feet to the true point of beginning. All of said tract being located in the Northeast Quarter of Section 21, Township 4 North, Range 8 West of the Third Principal Meridian, Madison County, Illinois; including the right to thereon construct, install, operate, inspect, and maintain an electrical substation with all necessary equipment and accessories for the purpose of furnishing adequate electric service. A plat of said substation site being attached to this Easement and designated as Exhibit "B".

Grantor anticipates the construction of a system of underground conduits for the transmission and distribution of electrical current on the lands now owned or may hereafter be acquired by Grantor and known as the Edwardsville Campus. Grantor grants to Grantee, its successors and assigns, the right to install, construct, operate, repair, maintain, patrol, remove electrical conductors, necessary appurtenances, and related equipment necessary for the transmission and distribution of electrical current through said conduits which are the property of Grantor; together with the right of ingress and egress necessary for the enjoyment of the above granted rights. Said granted rights to pertain to the underground conduit system as originally installed or any extension, alteration, relocation, change or addition to same.

Grantor hereby grants to Grantee the right of ingress to and egress from said Easements over existing roadways or roadways to be constructed across lands owned by Grantor.

Grantee shall repair any damage to property of Grantor or pay any substantial damages which may be caused to property of Grantor in the process of exercising any of the rights herein granted; said damages if not mutually agreed upon shall be ascertained by three disinterested persons, one of whom shall be selected by Grantor and one by Grantee, their successors, assigns, or lessees, respectively, and the third by the two so selected. The damages determined by such persons or a majority of them shall be conclusive and binding on the parties hereto and the Grantee shall thereupon pay the amount so determined.

This instrument is executed and accepted with the express understanding that the Grantee herein is not bound to do or perform any act or pay any consideration except as herein expressly provided.

On motion of Kenneth L. Davis, seconded by Ray Page, the Board approved the Easement Grant, as recommended by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Page, Mr. Wham, Mr. Lockard; nay, none.

INCREASE IN UNIVERSITY HOUSING RENTAL RATES

We recommend Board approval of an increase in rental rates for University residence halls and apartments, effective with the fall quarter, 1964, as follows:

<i>Single Student Housing</i>	<i>Present Rate</i>	<i>Recommended Rate</i>
Thompson Point and Woody Residence Halls	\$240 per term	\$265 per term
Group Housing (room only)	\$114 per term	\$126 per term
Southern Acres Residence Halls		
Single (room only)	\$ 54 per term	\$ 66 per term
Double (room only)	\$ 45 per term	\$ 57 per term
Southern Acres Women's Cooperatives	\$ 50 per term	\$ 62 per term
<i>University Apartments</i>		
Southern Hills		
Efficiency	\$ 60 per month	\$ 65 per month
One-Bedroom	\$ 70 per month	\$ 75 per month
Two-Bedroom	\$ 75 per month	\$ 80 per month
Southern Acres		
One-Bedroom	\$ 36 per month	\$ 50 per month
Two-Bedroom	\$ 42 per month	\$ 45 per month
Three-Bedroom	\$ 46 per month	\$ 50 per month
University Courts	\$ 90 per month	\$105 per month
University Trailer Courts	\$ 19 per month	\$ 24 per month

The reasons for these proposed increases lie not only in presenting a more favorable financial picture for future revenue bond sales, but also in very practical concerns in sound business operations. Adjustments in rental rates are needed in order to meet rising costs in construction and the costs of doing business.

1. The cost of food and other commodities has been increasing steadily at approximately two per cent per year.

Rising costs of construction have increased the debt per single student resident from \$2,606 in 1952 (Woody Hall) to \$4,490 per resident student in 1956 (Thompson Point I). The projected debt per single resident in University Park will be \$6,332.

Salaries necessary for the operation of residence halls have risen. The salary cost per student in Woody Hall has risen from \$177 in 1956-57 to \$215 in 1962-63. In the Thompson Point area the salary cost per student has risen from \$95 to \$133.

The increase in rental rates will also make possible certain services long requested by single students: the provision of linens and a more adequate telephone service.

On motion of Harold R. Fischer, seconded by Melvin C. Lockard, the board approved the increases recommended. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Page, Mr. Wham, Mr. Lockard; nay, none.

REPORTS ON CURRENT AND PENDING MATTERS

Oral reports were presented on the following current and pending matters:

President Morris presented an outline of the highlights of the calendar year 1963, emphasizing the fact that the report was necessarily incomplete and cited only examples of progress and improvement. His remarks concerned the general condition of the University as to academic programs, research, libraries, international affairs, awards and grants, publications, productions, performances, meetings and institutes, visitors, honors, special appointments, capital additions, renovation projects started and completed in 1963, and progress toward administrative reorganization. Members of the board expressed their appreciation to President Morris for the comprehensive report presented.

President Morris explained briefly the program jointly sponsored by the University and the Educational Council of 100 for public and private school outdoor education facilities at Little Grassy Lake. He stated that the University owned approximately 900 acres, which would serve as the base for the program, and that Fish and Wildlife Service would provide approximately 1,800 acres to be used by the Educational Council of 100 for a continuing outdoor education program. He presented to the Board a proposed budget of expenditure by the University, totaling \$194,502.00, including University land purchases and equipment for the initial implementation of the program. The Board, by common consent, agreed to proceed along the lines outlined.

A brief review of a meeting with representatives of the President's Committee on Youth Problems was presented by President Morris. This meeting concerned the various titles to be included in the Poverty Bill now before Congress. President Morris indicated that Titles I and II, concerning youth programs and urban and rural problems, would tie in with various programs already in existence. He further indicated that two universities, namely, Southern Illinois University and the State University of New

Jersey, were being requested to set up comprehensive programs under the various titles of the new Act. He explained that such a comprehensive program might involve the Adult Education program; the Center for the Study of Crime, Delinquency, and Corrections; the Forestry program; the Public Administration and Metropolitan Affairs program; the Community Services program; and others. It was the consensus of the members of the Board of Trustees that the administration should proceed with a study of University resources and plan for a comprehensive program independent of routine operations.

President Morris next presented three items relating to the Annual Internal Budget for 1964-65, as follows:

Internal Budget for 1964-1965

The University Council revision of the proposed draft of the *By-Laws and Statutes* of the Board of Trustees is now in the hands of the members of the University Faculty to determine whether or not it is generally acceptable to them. If the revision is accepted by the Faculty, and by the Board of Trustees, numerous changes in the internal operating organization of the University will be necessary. The Internal Budget of the University for the fiscal year July 1, 1964, to June 30, 1965, should reflect as many of these changes as possible. Since a transitional period will be required for determining and effecting changes in the internal organization, all educational, administrative, service, and auxiliary enterprises units are being directed to carry on their operations subsequent to July 1, 1964, on the basis of the Internal Budget for the current fiscal year (1963-1964).

The Internal Budget for fiscal 1964-1965, reflecting any changes in the internal operating organization of the University, will be prepared for presentation to the Board of Trustees at the earliest possible date.

It is recommended that the 1963-1964 budget, other than payroll, be used as a base of operation for 1964-1965 until the new budget is adopted.

Civil Service Salary Increases

Until such time as the Annual Internal Budget for 1964-1965 can be presented to the Board of Trustees, it is recommended that the Board adopt the following resolution:

BE IT *Resolved*, The administration of Southern Illinois University is authorized to grant salary increases to Civil Service employees effective July 1, 1964, in an amount not to exceed \$193,000.00.

Also presented were lists of salaries proposed for administrative and/or faculty-administrative personnel for the fiscal year 1964-1965, with a request for approval by the Board of Trustees. A copy of such salary lists was placed on file in the office of the Board.

On motion of Melvin C. Lockard, seconded by Harold R. Fischer, the Board authorized the administration to use the 1963-1964 budget, other than payroll, as a base of operation for 1964-1965 until the new budget is adopted; adopted the resolution concerning salary increases for Civil Service

employees; and approved salaries proposed for administrative and/or faculty-administrative personnel. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Page, Mr. Wham, Mr. Lockard; nay, none.

President Morris indicated that the administration feels meetings which are scheduled and paid for, such as dinner meetings held at the University Center, should not be included in the number of meetings allowed each political party listed on the State ballot, under the policy concerning political meetings held on the campus. He further indicated that only those meetings for which the University furnishes space and facilities without cost should be counted for the total. The Board considered informally the present application of the policy on political meetings on the campus and agreed with the administration's interpretation.

The meeting was adjourned at 12:45 P.M.

TO THE MEMBERS OF THE BOARD OF TRUSTEES:

I present herewith the University's Internal Operating Budget for all divisions for the fiscal year July 1, 1964, to June 30, 1965, and for academic, administrative, and civil service appointments beginning July 1, 1964.

I recommend that:

1. This budget covering the allocation of the University's income for the year beginning July 1, 1964, be approved.

The President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within the total income, (a) to make such changes and adjustments as are needed, (b) to make such additional appointments as are necessary, and (c) to accept resignations.

All the above is subject to the By-Laws, Statutes, and Regulations of the Board of Trustees.

INTRODUCTION

The 1964-65 internal budget is the second Southern Illinois University budget that allocates funds appropriated by the General Assembly and signed by the Governor pursuant to recommendations of the new State of Illinois Board of Higher Education.

The 1964-65 budget accounts show allocations of funds according to an organizational structure within each of the five major functional areas of the university, as described in the new By-Laws and Statutes of the Board of Trustees, approved by the Board July 1, 1964.

ESTIMATED ENROLLMENTS

The estimates of income for 1964-65 are in part based upon estimates of enrollment. The following summary statement shows estimated enrollments for 1964-65, along with actual enrollments for 1963-64. The figures are cumulative for the four quarters of the fiscal years, commencing with the summer quarter, 1963.

	1963-64		1964-65

Carbondale Graduate and Undergraduate....	40,264	38,099	44,875	42,450
Edwardsville Graduate and Undergraduate...	18,858	13,590	24,348	16,377

Totals.....	75,610	60,871	87,537	68,803

There are several types of on-campus students seeking degrees, not all of them providing cash income. Each full fee-paying Illinois resident student produces \$42.00 per twelve-week term, and each non-resident student \$122.00 per twelve-week term. Students on state scholarships or Southern Illinois University Board of Trustees scholarships, and faculty members taking University courses, produce no cash income for educational operations.

GENERAL COMMENTS

I. The detail accounts following the summary section of the budget have been grouped into the five major functional areas of the university, namely, Central Organization, Academic Affairs, Business Affairs, Student Services, and Area Services. This has been done so that the budget will reflect the lines of responsibility within the new organizational structure of the University, and to provide maximum understanding of the kind of support the budget gives to that organization.

II. The Central Organization group is headed by the Board of Trustees and the President of the University. The accounts contained in this group represent activities and personnel directly responsible to the President or his designated representatives.

The salaries of certain major administrators have been divided between Carbondale and Edwardsville operations in the budget summary, to reflect the University-wide responsibilities of these individuals.

III. The Academic Affairs, Business Affairs, Student Services, and Area Services groups are to be headed by Chief Officers who are directly responsible to the President. The activities and personnel in each group are, in turn, responsible to the Chief Officer or his designated representatives. Within each major functional area, the accounts have been tentatively clustered to reflect, in so far as possible, the activities which are functionally related. As examples, accounts of the College of Education at Carbondale and the Education Division at Edwardsville are adjacent, and the Physical Plant accounts for both campuses are closely grouped. But where necessary monies allocated to the two campuses have been shown in separate columns.

IV. Pending the appointment of the Chief Officers in the major functional areas, certain funds designated as contingencies by the retiring Vice Presidents for Operations have been placed in the "General" account for the function involved. The amounts of the contingencies for each campus have been indicated by footnotes.

V. Funds for Graduate Student Teaching Assistantships, Research Assistantships, Doctoral Fellowships, and Graduate Internships have been budgeted in a graduate school account rather than to individual schools, colleges, and other units, to obtain more satisfactory control over qualifications, assignments, and compensation.

VI. Funds to be distributed at a later date in response to enrollment and other pressures have been set aside in Central Organization accounts. These are identified by footnotes to the detail accounts.

VII. The University's Internal Operating Budget includes a recommended budget allocation for restricted funds, that is, funds not appropriated to the University from General Revenue or from the University Income Fund. Income for restricted funds is

provided from instructional, research and student aid grants made by outside agencies, from University student activity fees, and from other sources. Also included for information are the estimated operations of the University service department funds. The titles of all such accounts as well as those of auxiliary enterprises are enclosed in parentheses.

VIII. The budget has been produced through the mechanical facilities of the Data Processing and Computing Center. Along with explanatory notes and an index, an alphabetical index of University employee and their listing in the various allocation accounts is found at the back of the document.

PERSONAL SERVICES—FACULTY, ADMINISTRATIVE, AND NONACADEMIC

I. The operating appropriations bill for Southern Illinois University for the 1963-65 biennium included funds for salary adjustments as recommended by the Board of Higher Education. The amount recommended barely exceeded fifty per cent of the sum requested by Southern Illinois University for the biennium. Under these circumstances, only moderate salary increases were recommended for the faculty and administrative staffs for 1963-64—the first year of the biennium—and the recommendations contained in this budget are still smaller. The increases which were possible have been made on a merit basis through careful evaluation of individuals.

Since 1961, when at the last moment some \$900,000 was unexpectedly stricken from Southern Illinois University's personal service appropriations, the University has steadily lost ground on national salary scales and by comparison with other state-supported institutions in Illinois.

The market for qualified teaching and research personnel has become increasingly competitive as the demand has outstripped the supply by an ever-widening margin. In recent years competition between universities for highly qualified individuals has taken on a new dimension as industry and governmental agencies have joined the universities in the bidding for staff members. At the same time rapidly increasing college and university enrollments have required major expansion in the teaching staffs of collegiate institutions.

It should therefore be recognized that the program of salary increases reflected in this budget will almost certainly not permit Southern Illinois University to maintain its relative position with respect to faculty salaries. The salary deficiencies of the 1961-63 biennium are not rectified by the increases in the current biennium, and, in general, other institutions are improving their salary levels faster than Southern. The situation does not enhance the ability of Southern Illinois University to obtain and hold highly-qualified faculty members.

II. The modest salary increases shown in this budget for office workers and other civil service employees represent the commitment of the University to maintain satisfactory salary levels for those employees who have fallen behind civil service workers who receive prevailing rates or whose salaries are determined by negotiation. The new salaries fall within the ranges established by the University Civil Service System.

III. A major portion of the additional personal services funds made available for 1964-65 is to provide for continued large enrollment increases. It has been necessary to divert some of these monies to remedy personnel deficiencies in various instructional and supporting service areas. Numerous temporary positions will again be required.

IV. Salary rates for persons on leave without pay are shown in parentheses since they do not affect actual expenditures.

V. The appointment notice for each twelve-month faculty-administrative staff member having academic rank on a continuing or permanent basis will indicate that the twelve-month appointment is dependent on his assignment, as tenure adheres to a period of three quarters.

PERSONAL SERVICES—STUDENT

I. A total of \$1,758,097 has been provided for student help in 1964-65 from state appropriations as compared to \$1,532,094 during the 1963-64 fiscal year. It is planned in the future to use more rather than less student help in the various offices, in laboratories, and in the physical plant. Excellent students with financial need, providing they have the necessary skills or abilities as shown from testing programs, are given the first opportunities in finding campus jobs.

II. Effective July 1, 1963, a blanket increase of five cents per hour was instituted in the pay scale for student employees on the Carbondale and Edwardsville campuses. The lowest rate is now \$0.85 per hour and the upper limit has been raised to \$1.60 per hour for a few student employees who are in supervisory positions. Since the fiscal year 1960-61, new student employees have been given an automatic increase of five cents per hour after one term of successful work.

IV. Great care is exercised in coordinating the class and work programs of students. Whenever possible a student is placed in work related to his major or minor study areas.

TRAVEL

I. In order to provide equitable distribution and more effective control of travel funds, the allotments for travel are made in four categories as follows:

- A. Institutional travel, which involves travel on University business not identified with a specific department or office.
- B. Convention travel, which involves travel to professional meetings to keep staff members abreast of the most recent developments in their fields. This has been allocated on a prorata basis to the major functions of the University and will be distributed from the offices of the President, the Chief Officers, and the major educational units.
- C. Departmental travel, which involves travel that departments and offices must do in order to carry out their regular functions.
- D. Air travel which involves travel where additional convenience and speed serve the best interests of the University.

II. Travel allotments to the various accounts are for the reimbursement of out-of-pocket costs, such as commercial transportation, lodging, and food. Travel in University-owned passenger automobiles and airplanes is chargeable against state appropriations other than travel and such costs are paid from other current expense funds by the departments and offices using the services.

EQUIPMENT

I. Equipment funds have been allocated to divisions, departments, and offices for the purchase of small equipment. The general library equipment budgets contain funds for book purchases.

A substantial portion of equipment funds has been retained in a central account for allocation as studies of needs determine. Such studies will take into consideration possible additional funds for book purchases and large equipment needs not met by the allotments already made.

OTHER CURRENT EXPENSES

I. Other current expenses include contractual services, commodities, stationery, printing, office supplies, employer contributions to the University Retirement System, refunds, and awards and grants for scholarships.

II. The film rental service of the Audio-Visual Education Department will charge other departments for the use of instructional films. Allocations have, therefore, been made to the departments to be used for this specific purpose.

III. The problem of providing for the on-campus expenses of interviewees, consultants, and other official visitors to the campus has been met by allocating limited funds for this purpose to the offices that handle convention travel.

COMMON AND REPETITIVE ITEMS

Listed below are predicted annual costs, for Carbondale and Edwardsville campuses, of numerous categories of items to be purchased during the 1964-65 fiscal year for University operations. They are listed here for review and for approval by the Board of Trustees to authorize processing of individual purchase requisitions for such items inside the University Business Affairs organization in lieu of the previous procedure of annual blanket requisitions for each of the categories listed.

This procedure does not affect existing policy of Board approval of each individual requisition of \$5,000.00 or more.

The decision of the Chairman as to what matters are of a routine or emergency nature, and therefore within the scope of the above authority, shall be final unless otherwise decided by the Board, in accordance with Section 3 of Article II of these By-Laws. An affirmative decision by the Chairman on this question, in the absence of any prior contrary determination by the Board, together with the concurrence of a majority of the Executive Committee on the action to be taken, shall be sufficient to authorize the execution by the Chairman of contracts or other legal documents necessary to the implementation of the action desired.

Article V. The Board and the President.

SECTION 1. THE PRESIDENT OF THE UNIVERSITY shall be the chief administrative officer of the internal operating organization of the University and shall be selected from time to time by the Board. A majority of the total membership of the Board shall be required for the initial election of a President of the University or the termination of his services as President. From time to time, the Board shall fix his salary. It will be the policy of the Board to confer with a special committee named by the University Faculty prior to the selection of a new president.

SECTION 2. The President is authorized to designate a member of the University staff as Acting President during temporary disability or absences from the University. If no such Acting President has been designated, and if the Board has not taken contrary action, the Chief Officer of Academic Affairs shall serve; or in his absence or disability also the academic dean senior in point of service as dean, present and not disabled, shall serve.

In the case of long continued disability or absence of the President, in case of a vacancy in the presidency, or under other special circumstances, the Board will name an Acting President.

SECTION 3. The President shall attend all Board meetings unless instructed to the contrary by the Board, and shall inform and advise the Board with respect to the internal operations of the University and its relationships.

SECTION 4. The President shall serve as the channel of communication between the Board and the Faculty and between the Board and all subordinate administrative officers and personnel of the internal organization.

SECTION 5. In emergencies involving situations beyond the normal condition of the University, the President shall, within the limits of available funds or unappropriated surplus, have the power to act with dispatch. Any such actions, together with reasons therefor, shall be reported promptly to the Board.

SECTION 6. The President shall recommend to the Board, after considering nominations received by him through proper channels, suitable persons for employment or appointment to administrative, instructional, research, and service positions.

Article VI. Board Legislation.

SECTION 1. CLASSIFICATION OF BOARD LEGISLATION. Legislation by the Board shall be classified as (1) By-Laws and (2) Statutes.

SECTION 4. AMENDMENT OF BOARD LEGISLATION. The By-Laws and Statutes of the Board may be changed or amended and additional By-Laws and Statutes may be adopted at any regular or special meeting of the Board by vote of a majority of the total membership of the Board, provided that not less than two weeks' notice of the intention to change, amend, or add to the By-Laws or Statutes in whole or in part (which notice may be included in the call for the meeting) shall have been given to the members of the Board of Trustees. Such notice shall be in writing and shall include the exact wording of the legislation proposed.

SECTION 5. POLICY CONCERNING CONSULTATION. It will be a policy of the Board, whenever practicable, to submit to appropriate subordinate Uni-

versity authority for comment and recommendation, prior to final action by the Board, any proposed Statutes of the Board with respect to the internal operation of the University. The Board's freedom of action with respect to matters thus submitted shall not, however, be restricted by the recommendations made.

Article VII. Judicial Authority.

The Board retains its final judicial authority with respect to the interpretation and enforcement of the By-Laws and Statutes of the Board and with respect to any controversy that may arise thereunder. It also retains its freedom to refuse jurisdiction, when in its opinion the judgment of subordinate authority should be determinative. The Board also retains its power to withdraw any specific case from the jurisdiction of the President or of any other agency of the University when, in the opinion of the Board, such action will best serve the purposes of justice.

Article VIII. Intention of the Statutes.

It is the intention of the Statutes to provide the broad principles and policies of institutional operations to be carried out by the internal operating organization of the University.

These policies and principles will be implemented in accordance with papers covering operating structures, principles, and procedures. These papers will originate with the staff or membership concerned in the case of administrative offices, service agencies, or councils; with the appropriate faculty in the case of academic units; and with the University Council in the case of general staff responsibilities and privileges. In a manner to be determined by the President, the papers are subject to internal review for compatibility with State law, with the By-Laws, Statutes, and periodic actions of the Board of Trustees, and with the operating papers of other agencies or units. Changes in the operating papers may be made in the same way as the initial papers were developed.

Part III

Statutes of the Board of Trustees

Dealing with the Internal Operating Organization of the University

Article I. Internal Operating Organization of the University.

(Plant facilities used for research and experimental purposes and for public service activities carried on by the University in cooperation with the Federal Government or its subdivisions, with the State or its subdivisions, and with private agencies shall be regarded as educational plant in the same sense as though the investigations or public services were carried on fully by the University itself.)
- H. The financial and business operations involved in the initial preparation of the budgets, and the performance of the functions named above, in accordance with the budgets approved by the Board.
- I. The continuing review of the program of the University in the light of changing needs of the world, the nation, the State, and the region, to the end that the purposes of the University may best be accomplished.

Article II. The President of the University.

SECTION 1. DEFINITION. The President of the University shall be the executive head of the internal operating organization of the University and shall be responsible for the administration of the academic, business, student, and other service activities thereof, in accordance with the By-Laws and Statutes of the Board.

SECTION 2. THE ROLE OF THE PRESIDENT IN ACADEMIC MATTERS.

- A. The President shall be a member of the University Faculty and its presiding officer, and a member of the faculties of all colleges, divisions, or schools and of all University-wide councils. He shall normally be notified in advance of the meetings of all such bodies.
- B. It shall be the responsibility of the President to keep the instructional and research program and organization of the University under critical scrutiny and review and, if demonstrable need for changes in these areas arises, initiate, after consultation with appropriate advisory bodies, such revisions, additions, or reorganizations as the situation calls for, subject to securing any necessary authority from the Board of Trustees.

Article III. Central Administrative Organization of the University.

SECTION 1. DEFINITION. The central administrative organization shall consist of the President and those officers and offices directly responsible to him.

SECTION 2. THE PRESIDENT'S OFFICE.

- A. Personnel. The President's Office shall include the Chief Officer for Academic Affairs, the Chief Officer for Business Affairs, the Chief Officer for Student Services, and the Chief Officer for Area Services, together with such other executive and clerical assistants as may be required.
- B. The Chief Officer for Academic Affairs.

- E. The Chief Officer for Area Services. The Chief Officer for Area Services shall exercise, under the President, general executive and coordinating responsibility for matters pertaining to area services and shall perform such other duties as may be assigned to him by the President.

SECTION 3. ADMINISTRATIVE PROVISION FOR CAMPUS COMPLEXES.

- A. Because the University is operating on more than one campus and because the distance between campus complexes is considerable, efficient operation requires that University officials be available with reasonable frequency on the various campuses. Personnel of the President's Office will divide their time between campuses, some preferably having homes near one campus complex and some near another. They will maintain offices on each of the major campus complexes and will have a major assistant in each such office.

- B. Some of the persons responsible to the Chief Officers, such as Director of Libraries, Director of Physical Plant, and Registrar, who have University-wide responsibilities, may have offices on one campus complex with first assistants having offices on another.
- C. Changes in the above assignments will be noted in the annual internal budget for the current year.
- D. For purposes of broad participation in planning and effective communication among campuses, a number of continuing all-University councils and committees, such as the University Council, the Faculty Council, the Graduate Council, the General Studies Committee, and the Student Council, are required. Except where otherwise specified, these all-University groups shall be organized on the following principles:
 - 1. Purposes. Their general purposes shall be stated in terms of pervasive functions of the University and not in terms of the functions of individual campuses, educational units, or special agencies.
 - 2. Personnel. Their members, whether elected or appointed, shall be chosen to represent the entire University. To insure breadth of experience and background on each campus, members shall be equitably distributed among the campus complexes and among broad educational areas to be defined on a University-wide basis in the operating papers.

The University Council shall be the usual agency to which the President may refer recommendations received from other councils and agencies or any other matters upon which he desires advice.
- B. Personnel. The University Council shall be composed of the President, four administrative personnel appointed by him, two members of the University Faculty (not more than one from any major campus complex) appointed by the Faculty Council but not necessarily members of it, one member of the Graduate Faculty, appointed by the Graduate Council but not necessarily a member of it, one member of the University Faculty elected by the faculty at large at each major campus complex.
- C. Officers.
 - 1. The President or a member of the University Council designated by him shall act as chairman.

2. An executive secretary of the University Council shall be appointed or reappointed annually by the President after consultation with members of the Council. He shall be responsible for collecting the results of all actions of policy-formulating bodies and communicating them to faculty members and other members of the staff.

Article IV. Educational Organization of the University.

SECTION 1. DEFINITION. The term educational organization refers to the units and organizations of the University immediately engaged in performing educational functions and to the various bodies directly associated with the conduct of these activities.

SECTION 2. THE ADDITION AND ABOLITION OF EDUCATIONAL UNITS. - B. Officers.
 1. The Presiding Officer. The presiding officer of the University Faculty shall be the President of the University or his delegated representative.

Each college, division, or school faculty shall have original jurisdiction in all educational and academic disciplinary matters within the scope of the purposes of the college, division, or school, including the determination of its curricula and of admission thereto and graduation therefrom, except as authority is otherwise assigned by the Statutes of the Board of Trustees or as its autonomy is limited by correct academic and administrative relations with other units of the University. Questions of autonomy and jurisdiction as between such a faculty and the University Faculty or between two such faculties shall be adjudicated by the Chief Officer for Academic Affairs or his delegated representative. The college, school, or division faculty through the President of the University shall recommend candidates for degrees in course to the Board of Trustees.

SECTION 9. JOINT FACULTIES. In some cases the educational work of the University is better served by somewhat formalized joint action by all or parts of one or more colleges, divisions, or schools. The authority to establish or disestablish such joint operations and faculties is vested in the central administrative organization.

SECTION 10. DISMISSAL OF STUDENTS. Among them are such functions as information and broadcasting services, alumni services, community services, and other such external services and responsibilities.

SECTION 2. ORGANIZATION. The special services of the University are organized and administered by the Chief Officer for Area Services.

Article VIII. Faculty and Staff Service.

SECTION 1. APPOINTMENTS.

- A. All appointments to the faculty and staff shall be made in the name of the Board of Trustees upon the recommendation of the President of the University and all employment shall be made in the name of the Board.

B. Employment of Relatives.

1. No relative of a member of the Board of Trustees shall be considered for initial appointment to any position on the teaching or administrative staff, but may be considered for reappointment when the initial appointment was antecedent to Board membership of a relative.
2. The word "relative" shall be interpreted to mean father, husband, son, brother, grandfather, grandson, uncle, nephew, and corresponding feminine relationships.

C. The President is authorized to appoint persons employed with funds already budgeted, except faculty members with the ranks of associate professor or above and other persons to positions paying more than \$7,500 for the academic year of nine months, which appointments shall, however, be reported to the Board for formal ratification. In case of emergency, part-time, or short-term appointments, he may also approve appointments without prior reference to the Board, but such appointments shall be reported to the Board for confirmation. The President shall also approve and recommend to the Board dismissals, acceptance of resignations, promotions, leaves of absence, and retirements of members of the staff.

D. At the time of appointment of a teacher or any other employee his attention should be called in writing to the provisions of the Illinois statutes which prohibit the payment of any compensation or expenses to a state officer or employee who, directly or indirectly, advocates the overthrow by force of the government of the United States or of Illinois.

SECTION 2. CONDITIONS OF FACULTY AND STAFF SERVICE.

A. The Academic Calendar. The University calendar, including the dates of the beginning and ending of each term, and of the several vacations and recesses within the year, shall be determined annually by the University Council.

B. Period of Annual Service of Faculty Personnel. The normal period of annual service for full-time members of the academic faculty shall be three quarters (nine months) of the University year. Variations from the normal period of annual faculty service may be approved by the Board of Trustees upon recommendation of the President.

C. Period of Annual Service for Administrative Officers. The normal annual period of service for each administrative officer of the University shall be determined by the needs and demands of the specific office.

D. Vacations. The time in the calendar year not covered by the contract period of annual service shall constitute a vacation period during which the staff member shall be free from institutional duty, except that appointment for any term of the year carries with it the obligation to perform such duties as advisement, pre-registration, and attendance at commencements, which fall just before or after the calendar dates of the term but which are parts of the regular program.

SECTION 3. RESPONSIBILITIES OF FACULTY AND STAFF. Each member of the University faculty and staff shall have the following responsibilities:

- A. To operate within the general framework of University policy and practice.
- B. To represent the University creditably on all occasions.
- C. To give proper notice of resignation.
- D. Continually to improve his training and experience so as to qualify for the higher ranks, classifications, and salaries.
- E. During his period of full-time service to the University not to engage in a regular business or to be regularly employed for remuneration by other agencies except with the approval of the President of the University and of the Board of Trustees.
- F. To participate in the State Universities Retirement System of Illinois (unless he is on temporary appointment of one year or less).

SECTION 4. RIGHTS AND PRIVILEGES OF FACULTY AND STAFF. Each member of the University Faculty and staff shall have the following rights and privileges:

- A. To participate in the formulation of basic policy in his area of concern and to assist in the promotion of the University's general welfare.
- B. To receive the benefits of a defined and equitable system of annual service, service loads, assignments, vacations, sick leaves, leaves with and without pay, and (in the case of continuing members of the academic faculty) sabbatical leaves.
- C. To receive at the time of initial appointment a statement detailing the above rights and privileges as they have been approved by the Board of Trustees.

SECTION 5. GRIEVANCE PROCEDURE.

- A. In case of difficulty or complaint, each member of the University faculty and staff shall have the right to use the channels provided for the settlement of grievances. In general, personnel problems should be solved within the organization at the level at which they arise, and in no case should individuals outside the University internal organization be asked to pass on such difficulties until established University channels have been exhausted. Academic staff members may appeal through the regular academic channels; Civil Service employees successively to their supervisors, personnel officers, the Chief Officer for Business Affairs, and the President; student helpers successively to their supervisors, the Chief Officer for Student Services, and the President.
- B. If any member of the University faculty and staff feels that he is unjustly or unfairly treated, he is privileged to file formal complaint with the President of the University, who shall refer it promptly to the appropriate officer in the usual administrative channels for hearing and adjudication, personally or by committee appointed for the purpose by the administrative officer to whom the case is referred. The decision

or recommendation for dealing with the case shall be filed with the President of the University. If the staff member concerned is not content with the decision thus reached, he is privileged to request the President to hear the case and to render decision. If the staff member is still dissatisfied, he may appeal in writing from the decision of the President to the Board of Trustees, and the President shall present the appeal to the Board at its next regular meeting. The Board of Trustees shall then determine whether it shall hear the case or refuse to take action upon it.

SECTION 6. ACADEMIC FREEDOM AND TENURE.

A. Academic Freedom.

1. The Southern Illinois University shall operate under the following principles of academic freedom stated in the *Bulletin of the American Association of University Professors*, Spring Quarter, 1950, pages 45 to 49.

The purpose of this statement is to promote public understanding and support of academic freedom and tenure and agreement upon procedures to assure them in colleges and universities. Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher¹ or the institution as a whole. The common good depends upon the free search for truth and its free exposition.

Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights. . . .

(a) The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

(b) The teacher is entitled to freedom in the classroom in discussing his subject, but he should be careful not to introduce into his teaching controversial matter which has no relation to his subject. Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.

(c) The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he speaks or writes as a citizen, he should be free from

¹"The word 'teacher' as used in this document is understood to include the investigator who is attached to an academic institution without teaching duties."

institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he is not an institutional spokesman.

2. In discussing controversial matters in the classroom a teacher should proceed in a fair and scholarly manner.

B. Academic Tenure.

1. Tenure Ranks. Tenure shall hereinafter be interpreted as meaning permanent holding of an academic rank and position of employment. Tenure applies only to a basic nine-months appointment each year. All regular members of the teaching and research staff with the ranks of professor, associate professor, assistant professor, and instructor, shall be eligible to attain tenure. Whereas appointments in the three professorial ranks will normally carry or lead to tenure, unless made for a stated term or unless due notice to the contrary is given, in the case of instructors all appointments will be term appointments unless otherwise specifically stated in a written notice of appointment or reappointment. Professionally trained persons who serve in capacities that may be broadly interpreted as involving teaching and/or research shall be eligible for tenure. The Board may, in addition, give tenure to specific persons of the University organization not included in the above-named groups.
2. Tenure Schedule. Tenure shall be granted to faculty members according to the following schedule, except when abridgement of the probationary period is formally authorized. Years served in any rank shall apply toward tenure in the next higher rank:
 - (a) A professor shall have tenure nine months from the date of original appointment at this rank, unless he is given a written statement that his appointment will be terminated at the end of his second academic year of service.
 - (b) At the end of a two-year probationary period an associate professor must be notified in writing either that he has been given tenure or that his appointment will not be renewed at the end of the third year. An associate professor who has served previously as assistant professor at this University shall have tenure from the date of his original appointment to the rank of associate professor.
 - (c) Prior to the end of a four-year probationary period an assistant professor must be notified in writing either that he has been given tenure or that his appointment will not be renewed at the end of the fifth year.

- (d) An instructor normally shall be appointed for no longer than one year. Such term appointment may be renewed annually, but if the instructor is not to be reappointed following his second or any subsequent year of employment, he shall be given written notice not less than six months preceding the termination of his appointment. Prior to the end of the fifth year of service the appointee must be notified in writing either that he will be given tenure starting with his sixth year of service with the University or that his term appointment will not be renewed beyond the sixth year.
 - (e) A lecturer is a faculty member in a temporary or non-regular rank and shall normally be appointed for no longer than one academic year. The appointment may be renewed annually, but if there is uncertainty about reappointment following his second or any subsequent year of employment, he shall be given written notice not less than six months preceding the termination of his appointment. Years of service at the rank of lecturer shall be applied toward tenure in one of the four regular ranks (professor, associate professor, assistant professor, and instructor) if later appointment to one of these ranks is made, but shall not ordinarily lead to tenure in the rank of lecturer.
3. Temporary Appointments. Each person employed on a temporary or term basis shall be given a statement in writing of the conditions and the period of his appointment. Reappointments to any such position shall create no presumption of a right to a subsequent term appointment or to permanent appointment, except as provided by earlier statements in this article.
 4. Administrative Assignments. A person from the faculty assigned to an administrative position shall not be deprived of tenure or of the highest academic rank he has attained nor limited in any way from normal progress toward tenure or promotion. Such appointment or removal shall not deprive any person of service credit already attained toward the achievement of tenure under the provisions of these statutes. Service credit toward the achievement of tenure may be earned while administrative and academic ranks are held concurrently. The administrative functions, titles, salaries, and annual periods of employment of such individuals shall be distinct and severable from their academic ranks.
 5. Termination of Service.
 - (a) A faculty member who holds tenure may have his appointment terminated by the University only for adequate cause, such as moral turpitude, incompetence, willful neglect of duty, financial exigency, or cutbacks in program. Termination of service shall conform to the principles of the American Association of University Professors. Termination for cause of a tenure appoint-

ment or the dismissal for cause of a teacher previous to the expiration of a term appointment, shall, if possible, be considered by both a faculty committee and the governing board of the institution. "In all cases where the facts are in dispute, the accused teacher should be informed before the hearing in writing of the charges against him and should have the opportunity to be heard in his own defense by all bodies that pass judgment upon his case. He should be permitted to have with him an advisor of his own choosing who may act as counsel. There should be a full stenographic record of the hearing available to the parties concerned. In the hearing of charges of incompetence the testimony should include that of teachers and other scholars, either from his own or from other institutions. . . ."¹

- (b) Except in case of financial exigency or cutbacks in its program for the University a faculty member who has been on tenure, but is dismissed for any reasons not involving moral turpitude or willful neglect of duty, shall receive his salary for at least a year from the date of notification of dismissal, whether or not he is continued in his duties at the University for the balance of a year. Whether or not the faculty member will be required to continue with his duties for the remainder of the year shall be the decision of the University. Termination of a tenure appointment because of financial exigency or cutbacks in program should be demonstrably *bona fide*.
- (c) Notice of resignation from employment by a faculty member who is on either probation or tenure ordinarily shall be submitted in writing at least three months prior to the expiration of his current period of appointment. Except by mutual consent, a resignation involving a termination of service prior to the expiration of the period of appointment shall be regarded as a breach of contract by the faculty member, and the fact shall be entered upon his personnel record in the office of the Chief Officer for Academic Affairs for such further use as facts justify.
- (d) Operation and Effect of These Provisions.
 - (1) Nothing contained in the foregoing provisions shall be construed as impairing any rights with respect to the status of any member of the academic staff in effect at the time that these provisions were adopted.
 - (2) All provisions of the University with respect to terms of faculty employment shall be published and each person who holds a regular faculty appointment, or to whom such a position is offered, shall receive a copy thereof. All holders of academic appointments who cannot qualify for tenure shall

¹*Bulletin of the American Association of University Professors*, Spring Quarter, 1950, p. 45 *et. seq.*

be informed in writing or in printed form of the provisions covering their particular appointments or positions.

6. Annual Review. It shall be the responsibility of the head of each appropriate unit to review annually the status of each member of his unit who does not have tenure and to make suitable recommendations regarding dismissal or granting of tenure for each person whose quality of performance or period of probationary service calls for a decision.
